Steel Wage Hike Denied, Prices Cut

By The Associated Press

PITTSBURGH, April 22—The U. S. Steel Corp today denied a wage increase demanded by the CIO United Steelworkers and announced price cuts totalling almost $25,000,000 for its products.

The price cuts are effective May 1.

Philip Murray, president of the CIO and the Steelworkers' Union, asserted the corporation had denied "a just and much needed wage increase." His statement emphasized, however, that the union would continue to live up to a no-strike pledge in a two-year contract, reopened for wage discussion.

Benjamin F. Fairless, steel corporation president, declared the unspecified wage increase had been denied and the price cuts effected "in an effort to halt further advances in living costs."

The union leader declared in a statement: "We charge that the corporation has not negotiated in good faith on the wage issue. We contend that the corporation has not given adequate consideration to the immediate and pressing needs of its steel worker employes. We assert that it has not recognized the increase in the cost of living which has occurred.

The union and the corporation have been negotiating since April 5 on unspecified wage increase demands.

WOULD ADD 11 U.S. AIR UNITS

Plan Part of Forrestal's for Full 70-Fighting Group Armada.

By The Associated Press

WASHINGTON, April 22—The administration laid a "bargain rate" air power compromise before congress today aimed at giving the country 11 more fighting groups at a cost of $481,000,000.

Secretary of Defense Forrestal whipped up the proposal in a fresh effort to keep the senate from following the lead of the house in insisting on a full 70-group air force.

Forrestal's plan calls for a 66-group program and a three-year national defense outlay of $46,000,000,000.

Chairman Gurney (R-SD) of the senate armed services committee told a reporter he thinks congress should accept the Forrestal offer.

Session Set for Today

He called his committee into another closed-door session today to try to win approval for the air force program and then turn to the equally hot issues of a temporary draft and universal military training.

Changes Strategy

Forrestal demonstrated by his compromise offer late yesterday that he can switch his strategy.

Previously he had insisted that a strengthened 55-group air force would be enough. Then some of his subordinates — Secretary of Air Symington and a group of air force generals—plunked for the 70-group program. It was rushed through the house as part of a money bill.

If only military considerations were involved, Forrestal told Gurney's committee yesterday, "the wisdom of this step cannot be questioned."

But, he added, the full 70-group plan would add another nine billion dollars to the original 11 billions asked by President Truman, instead of the extra three billions the administration has proposed since the President laid down his stop-Russia policy a month ago.

And it also might mean "allocations, rationing, price controls and a host of other restrictions," the cabinet officer declared.

OPS TO INCREASE POWER CAPACITY

Expansion of power generating facilities by the Ohio Public Service company which has a division headquarters at Marion, was announced today.

Plans of the company to go ahead with the purchase and installation of a large turbo-generator unit at the Ohio river generating plant near Shadyside were announced in a communication received today by Harold J. Grigsby, vice president and manager of the Marion division, from R. E. Burger of Cleveland, president of the company.

The new unit will provide an additional capacity of 100,000 kilowatts which will be fed into the entire system of which Marion is a part.

The installation, to be known as the No. 3 unit at the R. E. Burger generating station, is estimated to cost $13,000,000 when completed. Work is to get under way immediately and will take approximately two years, Mr. Grigsby said.

Clues Few In Reuther Hunt

Detroit Police Find Trails Dim; Reward Offers Now $117,900.

By The Associated Press

DETROIT, April 22 — Detroit police, ordered out on one of their greatest manhunts, checked scores of dim leads today in an effort to track down the would-be slayers of Walter P. Reuther.

Sifting through the pile of possibilities, officers questioned dozens of the friends and enemies the fiery union leader had made on his climb to the presidency of the CIO United Auto Workers.

But despite the offer of rewards totalling $117,900 — perhaps the largest in the nation's history—real clues to the Tuesday night shooting remained rare.

Reuther, himself, lying in New Grace hospital with his shattered right arm suspended in a traction cast, could offer few ideas.

He told Prosecutor James V. McNally "I haven't the slightest idea" when asked who might have shot him.

"It might have been, said the labor leader, "management, Communists or a screwball."

Following one of the scant clues, police checked all garages in the locality to find the red sedan that was seen dashing away from Reuther's house a moment after his stealthy assailant fired a shotgun blast through a window.

Police Commissioner Harry S. Toy said the fact the car had not been found abandoned apparently proved at least one thing: the shooting was probably done by an amateur.

"A professional would have disposed of the automobile by this time," he declared.

Reuther's associates in the UAW pledged their all-out aid to police.

Secretary-Treasurer Emil Mazey declared, "we'll get the guy who did it if we have to turn the whole town upside down."

Michigan state police also assigned crack detectives to aid Detroit authorities in their search, while the FBI offered its complete laboratory facilities.

In the hospital, doctors battling to save Reuther's arm said the fight appeared to have been won.

Real Estate Men Hear Expert Discuss New Trends in Business

By SCOTT McMURRAY

"Don't let anyone tell you that anyone can come here from Washington and tell you how to run your business better than you can," said Calvin D. Snyder of Washington, D. C., secretary of the realtors' Washington Committee of the National Association of Real Estate Boards in his address, "The Battle of the Realtor for Freedom," at the closing banquet of the regional conference of the Ohio Association of Real Estate Boards at Hotel Harding last night.

At the outset of his address Mr. Snyder emphasized he was not going to attack anyone in or out of congress but merely state the congressional picture on housing as it existed up to 3 p. m. yesterday when he left the floor of the senate, and he assiduously hewed to that line.

First he reviewed the repeated attacks on the Realtors' Washington Committee by the President, numerous congressmen and senators, and the New York newspaper PM, all of whom have branded the committee as a "vicious lobby," he said.

"This 'vicious lobby' is composed of some 19 national trade associations and its sole reason for existence is to supply necessary, accurate, true and timely information to our nation's legislators on subjects within the fields of the 19 trade associations which compose it," said Mr. Snyder.

He outlined the sheer weight of congressional business during an average session by pointing out that an average of 10,000 bills are proposed each session of congress and each of these bills passes over the desk of each senator and representative. As it would be physically impossible for each bill to receive the considered judgment of the legislator and even if he were well informed on the content of each bill it would be impossible for him to have the technical knowledge necessary for the just consideration of each bill. To supply him with the information needed is the mission of the Realtors' Washington Committee he stated.

Cites Cost of Bill

Citing the cost of the proposed Taft - Ellender - Wagner bill for 500,000 public housing units which is now in debate on the floor of the senate with passage today or tomorrow almost assured, Mr. Snyder pointed out that this nine billion dollar housing program will cost each man, woman, and child in the nation $62. He said that such a staggering addition to an already large public debt is unnecessary in view of the achievements of private housing which built 960,000 units during the past year through the real estate industry. Citing the increase in the public debt during the last 10 years he said that the national debt consumed in taxes in 1938 the equivalent of the total income of 13 western states including California. In 1946, he said, this had risen to require the equivalent of the total income of 28 of the 48 states.

The real estate industry as a whole has no quarrel with housing for the low income groups of the nation, Mr. Snyder said, but there is no provision to limit present public housing appropriations for the benefit of this, the most needy group, he added. There are now 35,000 federal housing units in the U. S. which have been set aside for transfer to public housing after passage of the pending housing act, many of these houses have been vacant as long as two years and some have never been occupied since their construction two to four years ago. "Why have they not been used before," asked Mr. Snyder.

He continued, "It is time we moved the courthouse back to Main street from 1600 Pennsylvania avenue. It is time to return housing to the people and out of the government bureaucracy. Already 17 states have asked the federal government to limit the federal tax burden to 25 per cent of the total tax burden.

Lauds Rep. Smith

"What we need is more men like 'Doc' Smith (Congressman Frederick C. Smith of Marion). He is one of the truly sincere foes of waste and inefficiency in government. Dr. Smith fights waste tooth and nail. We need more men like him in the halls of congress who are above intimidation and are willing to stand on their own two feet and

TRUMAN NAMES OHIO MAN FOR CABINET POST

Sawyer Nominated for Place as Harriman Becomes ERP European "Envoy."

By The Associated Press

WASHINGTON, April 22 — President Truman today nominated former Ambassador Charles Sawyer of Ohio to be secretary of commerce.

Presidential Secretary Charles G. Ross said Sawyer's nomination probably will go to the senate today, along with that of W. Averell Harriman to be "roving ambassador", under the European recovery program.

Mr. Truman offered the commerce post to Sawyer by long distance telephone last night after Harriman agreed to give up that position to take over the ERP job.

Ross said Sawyer telephoned Mr. Truman today from his home at Cincinnati to accept the appointment.

Oklahoman Likely To Be No. 3 ECA Man

Jess Larson, Oklahoma lawyer and war assets chief, is rated a "good bet" by officials for the No. 3 spot in the new economic cooperation administration.

Secretary of Commerce W. Averell Harriman is resigning his cabinet post to take the No. 2 ECA job today. He will be this country's ambassador-at-large to the 16 nations taking part in the $53,000,000,000 European recovery program.

That White House announcement surprised Capitol Hill, but there were no predictions the senate would delay long in confirming Harriman's nomination.

Larson was mentioned as a possible choice for the remaining top spot under ECA Chief Paul G. Hoffman—deputy administrator at $17,500 a year. Larson hasn't indicated publicly whether he would accept if the position were offered.

Hoffman is known to have put Larson's name on a preference list prepared for Mr. Truman. He declined to make known any of the names submitted.

Larson New In Field

But persons close to developments at both the White House and ECA said the even-tempered Larson has a good chance of getting the presidential nod. A newcomer to high official ranks, Larson has won friends in his few months as surplus disposal chief. With surplus stocks dwindling, he has announced his hope of liquidating WAA at mid-year.

Meantime ECA prepared to announce a new multi-million dollar allotment of food and fuel for Europe. Hoffman already has authorized purchases of $58,301,000 in the two weeks of ECA's existence.

Offer Made to Sawyer

President Truman moved swiftly to avoid a gap in his cabinet. He picked former ambassador Charles Sawyer to replace Harriman.

Mr. Truman offered the post to Sawyer a few hours after Harriman late yesterday accepted appointment as "roving ambassador."

The 61-year-old Cincinnati lawyer has been a frequent White House caller.

A member of the Cincinnati city council from 1911 to 1915, Sawyer served as lieutenant governor in 1938 and as Democratic national committeeman from 1936 to 1944.

He was ambassador to Belgium in 1944 and 1945. In that capacity, he met Mr. Truman at Antwerp in 1945 when the chief executive arrived there en route to the Potsdam "big three" conference.

Some observers saw in the selection of Sawyer an effort on the part of the President to strengthen the cabinet politically in advance of the 1948 campaign.

Cancer Campaign Wins As Drivers Contribute Fines

Calkins Probst, 33, of Galion and Robert James Vaughn, 30, of 455 North Prospect street are lauding their luck today.

Probst was brought before Judge Hazen this morning on a reckless driving charge while Vaughn was charged by police with speeding. Both men pleaded guilty to the charges and were fined $15 and costs by the court. Judge Hazen then pulled his surprise by adding that if both men would donate $15 to the Marion County Cancer Fund drive he would accept the donation in place of the $15 fine and to show his enthusiasm for the cancer fund drive he would suspend the $6.20 costs in each case.

Probst and Vaughn lost no time in arranging the donation, court attendants noted.

Lewis Fights For Pensions

Calls Meeting as Suit Attacks Setup; To Face Judge Again Friday.

By The Associated Press

WASHINGTON, April 22—John L. Lewis moved today to put his $100 a month miners' pension plan into effect — despite blunt notice he may have to foot the bill himself.

The mine union boss called a late afternoon meeting of the three-man trustee board responsible for administering the still-untapped $32,000,000 miners' welfare fund.

The purpose of the session presumably was to consider definite rules for paying $100 monthly pensions to miners 62 or older. Such payments were agreed upon in principle by two of the three trustees, Lewis, representing the miners, and Senator Styles Bridges (R-NH), the neutral member.

Ezra Van Horn, the third trustee, representing the coal mine owners, filed suit yesterday asking that Lewis and Bridges be held personally liable for any money spent from the fund on the Lewis-Bridges pact terms.

Report Miners Resuming Work

By The Associated Press

PITTSBURGH, April 22—Miners trooped back to the pits in growing numbers today to speed the flow of coal to industry.

A back to work movement which gathered force late yesterday continued full swing this morning. Over the nation, new mines resumed operations as day shifts donned lamps and went to work.

• • •

By The Associated Press

BELLAIRE, O., April 22—Almost all eastern Ohio mines started producing coal again today but apparently not with full crews.

A check of 16 of 22 major deep mines and 13 strips showed only the Dun Glen mine of the Hanna Coal Co. still idle after the month-long work stoppage in a dispute over the miners' pension issue. Dun Glen workers voted to hold another meeting Monday on the question of returning to work.

TAFT ANSWERS STASSEN TALK

Says Must Be New Dealer If He Disagrees with Senator's Policies.

By The Associated Press

SALEM, O., April 22—Harold E. Stassen must be a New Dealer "if he disagrees with my policies," Sen. Robert A. Taft retorted at a political rally today.

The Ohio senator and the former Minnesota governor are campaigning for the May 4 Ohio primaries. Stassen invaded Taft's home state to contest for 23 of the 53 delegates Ohio will send to the national Republican convention.

Swinging down through the 18th congressional district toward Steubenville, Taft took note of a passage from Stassen's address in Dayton last night.

"I see where Stassen finds himself in constant disagreement with me on key questions of domestic and foreign policy," said the senator.

"All I have to say is that if he is in constant disagreement he must be a new dealer.

"For if he is in constant disagreement with me, he is in constant disagreement with the Republican party in the nation.

"I have yet to find," continued Taft, "where he is actually willing to come out in the open and say what it is he criticizes in that Republican program."

The Ohio senior senator scheduled stops today at Salem, Lisbon, East Liverpool, Carrollton, Cadiz and Steubenville.

Stassen planned to fly to Toledo from Dayton.

He told a capacity audience of 3,000 at Dayton's memorial hall last night the nation must strengthen itself without becoming militarized. The former Minnesota governor urged "a vigorous, firm and definite foreign policy" and a "dynamic and free domestic economy."

Stassen, who also appeared at Middletown, Hamilton and Oxford, again paid tribute to Taft. He declared:

"I respect his sincerity of purpose, his perseverance and his conscientious devotion to duty."

He pointed out, however, he found they were in "almost constant disagreement on the key question of foreign and domestic policy."

Stassen promised to release after the primary any Ohio delegates chosen for him with instructions to "do what they think best" at the national convention.

Taft addressed about 2,000 persons in Youngstown's Stambaugh auditorium last night and again called on his rival presidential aspirant to clarify his stand on campaign issues.

One man in the audience jumped to his feet after the talk and shouted:

"You say Russia does not apparently plan aggression. You also once said Japan wouldn't go to war and voted against selective service for that reason."

Taft replied: "No, that is not true. I voted against the draft a year and a half before we got into war, and I still think we could have gotten enough men under voluntary enlistment at that point.

"I think the draft was set up then largely to make the people war minded."

HAIFA CONTROL TAKEN BY JEWS AFTER BATTLE

Arab Leaders Sue for Peace, Asking Mediation by British Authorities.

By The Associated Press

HAIFA, PALESTINE, April 22—Jews virtually seized control today of Palestine's richest port city of Haifa after heavy all-night fighting.

Arab leaders sued for peace, asking British military authorities to mediate.

"It was a massacre," said one Arab spokesman. "It was another Stalingrad. We were not prepared."

By request of the British, the Jewish military force Haganah issued a cease-fire order shortly after noon.

A Haganah spokesman said terms handed the Arab national committee included:

Disarmament of all Arab forces and surrender of all arms.

Freedom of movement in all parts of Haifa with an end to sniping and roadblocks.

Ask Nazis Given Up

Delivery of all foreign Arab troops to Haganah for immediate deportation.

Surrender of all German Nazis.

A 24-hour curfew during which the Arab disarmament would be carried out.

All persons to return to their normal pursuits.

A guarantee that Arabs could carry on their lives and work as free and equal citizens of Haifa and enjoy all municipal services.

The security of Haifa outside British zones to be maintained by Haganah.

Women, Children Shot

Haganah orders to be binding on both Arabs and Jews.

There was every indication from Arab sources that Arab national committee members still in Haifa will accept the Haganah conditions.

One Arab spokesman declared: "Many women and children in Arab areas were shot as they attempted to flee into the port area."

The port area is controlled by British security forces. A Haganah spokesman denied the accusation.

"Arab casualties were only 10 per cent of what we had expected," he said. "As for women and children there just haven't been any such thing. We deny it most emphatically."

SENATE PASSES HOUSING BILL

BULLETIN

By The Associated Press

WASHINGTON, April 22 — The senate today passed the Taft - Ellender - Wagner long range housing bill designed to spur home building in America. Passage was by a voice vote.

The senate passed the bill after adding a $268,500,000 farm housing program.

The goal of the bill is building of 15,000,000 new homes in the next 10 years.

MARION CO. YOUTH CONTEST WINNER

William G. Halby, a junior at Pleasant Township school and son of Mr. and Mrs. Edwin G. Halby of the Somerlot-Hoffman road south of Marion, was notified today in a telegram that he has been chosen the national winner of an annual essay contest sponsored by Young America, a national news weekly magazine for youth.

He was one of 10 who were selected from throughout the nation to compete for the national honors. As a result of his winning, Halby will leave for Washington, D. C., on May 5, to appear on a nationwide forum of the air broadcast at a later date.

Following his selection as one of the 10 several weeks ago, Halby was interviewed at school by a representative of the publication. This interviewer also talked to teachers at the school and to other pupils regarding Halby's school activities, his character and his contacts with other students and teachers.

Essays submitted in the national contest were written on the subject "Which Do You Favor in the Coming Presidential Election, A Republican or Democrat? Why?"

Young Halby was national winner of the contest in 1946, and was runner up in 1947.

Also appearing on the national broadcast with Halby will be a girl national winner. Halby's father is employed as a mechanical engineer at the Marion Power Shovel Co. plant.

To Observe Golden Wedding

—Photo by Stein

MR. AND MRS. S. C. HARRUFF

Mr. and Mrs. Simon C. Harruff will celebrate their golden wedding anniversary Sunday, April 25, with open house from 2 to 5 p. m. at their home, 360 Hane avenue.

Both Mr. and Mrs. Harruff are natives of Marion county. Mr. Harruff being the son of Mr. and Mrs. Levi Harruff, and Mrs. Harruff the daughter of Mr. and Mrs. George Glauner.

They were married on April 27, 1898, at the home of the bride in the Beech community southeast of Marion by Rev. Otto Spreng, pastor of the Salem Evangelical church.

Have Four Children

Assisting in the celebration will be the four children of the couple, Mrs. Marvin C. Thomas of 1059 East Center street, Cecil Harruff of Shelby, G. Wilbur Harruff of Dayton, and Mrs. Paul Wheeler at home. Besides these children Mr. and Mrs. Harruff have seven grandchildren and two great-grandchildren.

Mr. Harruff, who is 72, is still active as a building contractor, the occupation he has followed throughout his life, and still has excellent health. One of a family of 12 children, he has six brothers and four sisters living. They are John and George of Spokane, Wash., Frank and Perry of Akron, Ohio, J. W. (Bill) of Forest street, Elmer of Mt. Vernon avenue, Mrs. D. M. Paddock of Sidney, Mrs. Elizabeth Keeler and Mrs. Fred Beckel of Summit street and Mrs. Bert Cline of Hane avenue.

One Sister Living

Mrs. Harruff, who is 71, is one of a family of seven, but has only one sister living, Miss Sarah Glauner, who makes her home with the Harruffs at the Hane avenue address. Although in fairly good health, Mrs. Harruff has not fully recovered from a fracture of her left leg suffered in a fall at her home in the summer of 1946. She is able to get around the house but her trips outside are infrequent and depend much on the weather.

Mr. and Mrs. Harruff have lived in Marion all their married lives. Mr. Harruff is a member of the Eagles band, and both are members of Calvary Evangelical United Brethren church.

Hog Cholera Danger, State Dept. Warns

By The Associated Press

COLUMBUS, O., April 22—Hog cholera may break out in Ohio this year, the state department of agriculture warns.

The department said yesterday there were no reports of the disease in Ohio at the present time, but added that this may be the year for an upturn in the disease's cycle.

State veterinarian Harry G. Geyer advised farmers to vaccinate pigs around weaning time.

"There is no sure cure for cholera," he said, "and the only protection lies in vaccination before an outbreak occurs."

Dr. Geyer also reported new vitamin deficiency diseases in cattle. In one disease, Geyer said, an overgrowth of the spongy bone in the skull causes blindness. The other, he added, destroys ability to coordinate muscle movements. Both diseases affect calves.

ANNUAL TIME MIXUP NEARS

Many Cities, Including Some in Ohio, To Move Clocks Ahead.

By The Associated Press

COLUMBUS, O., April 22—Ohio's annual time mixup starts Sunday.

Many northern Ohio cities—including Cleveland, Toledo and Youngstown — set their clocks ahead an hour then, but the remainder of the state stays on standard time.

Ohioans inquiring about the time of day will have to ask, "fast time or slow, please? Until the fourth Sunday in September. After Sept. 26, everyone will get the same answer when he looks at his watch, assuming the timepiece is accurate, of course.

Cleveland, Toledo and Youngstown are the only "big cities" going on daylight savings time. Columbus, Cincinnati, Akron, Canton and Dayton residents won't lose an hour of sleep Sunday. They won't get an extra hour of rest the night of Sept. 25, either.

Actually, Youngstown may be off fast time within a couple weeks. Voters at the May 4 primary will decide whether to amend the charter to make daylight time a permanent rule each summer. If the amendment fails, councilmen are expected to repeal the current fast time ordinance.

The time "snafu" will carry over into transportation facilities. Airlines are going on fast time schedules either Sunday or May 1. Most railroad trains will run on slow time as usual. But the Pennsylvania trains operating an hour earlier, starting Sunday, include the Clevelander and the Akronite. Bus lines, as a general rule, will maintain standard time.

Most radio network programs will still be heard at the same time by folks in cities staying on standard time. Delayed re-broadcasts will make it possible for stations to release them at their customary local hours.

Here's a partial list of the other Ohio cities going on daylight time Sunday: Salem, Ashland, Alliance, Norwalk, Amherst, Bedford, Wellsville, Steubenville, Lorain, Elyria, Sandusky, Oberlin, Avon Lake, Huron and East Liverpool.

Partial observance of fast time is planned in neighboring Indiana, Ohio and West Virginia. Nearly all Pennsylvania cities will be on daylight time. Kentucky will not change.

BOY KILLED BY TRUCK

CANTON, O., April 22—Darrel Kintz, 7, died yesterday of injuries suffered when he was struck by a truck Tuesday. Survivors include the parents, Mr. and Mrs. Chalmers H. Kintz of nearby Waynesburg.

Program Presented At Grange Meeting

A program of music and drama was presented at a meeting of Progressive Grange Tuesday night in the Grange hall. Included was a humorous song by a male quartet composed of A. U. Click, Frank Fairchild, Walter Fetter and Harlie Irey; a one-act play by Mrs. Ethel Fett, Mrs. Marie Mack, Mrs. Grace Strawser and Mrs. Grace McMahan, a reading by Mrs. Frank Fairchild, a playlet by Mrs. Grace Mocha and Mrs. Lura Gruber, and a song acted out by Mrs. Gruber and John Fairchild.

At the next meeting, a program on flowers will be featured, and each woman is being asked to bring a slip of a house plant for exchange. Named to serve on the refreshment committee are Mrs. John Loyer, Mrs. Howard Click and Mrs. John Creasap.

A pie social followed the meeting.

FACES ASSAULT CHARGE

MARYSVILLE, April 22 — Frank Walke, Milford Center, is under bond of $200 after pleading not guilty to a charge of assault filed by his wife. The case was remanded to the Union county grand jury as was a similar case when Walke was charged with assault when he pointed a shotgun at his daughter. He was placed under $500 bond at that time, and his case is still pending.

A Nickel's Worth

NEW YORK'S Mayor O'Dwyer has gambled his political future on a 10-cent subway fare and written "finis" at the end of an era. The nickel is dead, long live the dime!

The time is gone when five cents was the basic unit of purchasing power in the American economic system. The "longest ride in the world for a nickel" will be no more. Neither will the biggest candy bars, best shoe shines, gratuities to pestiferous little brothers, the finest cut of coffee on earth, five-cent cigars and a host of services and pleasures which once could be commanded for five pennies, one nickel, half a dime.

Only a sharp reversal of the inflationary trend can save the nickel from joining the penny as a fractional value coin useful only for making change. For a time its residual purchasing power will linger, but all circumstances are combining toward an early demise. New York's fateful decision to abandon a 5-cent subway ride has robbed the nickel of the only thing it had left—a powerful precedent. From now on it will be in thought what it already had become in most uses—a way to combine in one coin the fractional value of five pennies, each the U.S. equivalent of the proverbially worthless French sou.

Moving the Clocks Ahead

SUNDAY at 2 a. m. the nation's time belts, fairly even swaths running from north to south, will be replaced by a scatter-shot design as daylight saving time goes into effect. There will be urban islands of fast time in rural seas of Standard times. Cities bound by geographical and commercial ties will have an hour variance in time. Schedules of radio programs and newspapers' radio editors will have a rough seven or eight days of readjustment.

President Truman had a good point when he said either all or none of the nation should observe daylight saving time. But bills for national observance of fast time aren't likely to pass congress except during war.

Next best, either all of a state or none of it should observe daylight saving. But that, too, is unlikely except in states predominantly agricultural or predominantly industrial.

"An Acre of Boughs in Leaf"

ARBOR DAY, which will be observed Friday, was originated 66 years ago but it has been only in recent times that the full import of its conservation message has been driven home.

The ruthless expenditure of the nation's timber wealth has been followed by tardy recognition of the importance of preserving trees, not only as a timber source but also because they are linked up with the well-being of the land. The poet Houseman spoke more wisely than he knew when he said, "Where trees have fallen there is grief."

In addition, trees are an esthetic asset. Some fortunate communities are famed for their elmlined avenues. A stand of aspens beside a rural home provides murmurous music when the wind blows. Trees give fruit and shade, and from their lower boughs may depend a swing or a hammock in season. A tree trunk will bear permanent record of a heart hewn or initials carved in the morning of life so that the carver may look upon them at twilight and remember.

In recent years a pox of "days" and "weeks" has broken out, some mere eruptions of crass commercialism and some devoted to the celebration of obnoxious trivialities. Arbor day is not one of these. It is among our oldest "days," a day devoted to one of nature's masterworks.

Carelessness Is the Cause

AUTOMOBILES with no apparent mechanical defects caused 90 per cent of the serious accidents in 1947, according to a booklet, "The Fifth Commandment," issued by the Travelers Insurance companies. The Fifth Commandment, incidentally, is "Thou shalt not kill."

Speeding cost the lives of 9,410 of the 32,500 persons killed in 1947 traffic, plus 258,960 injured. Forty per cent of the fatal accidents occurred on weekends, more than half at night. More than 84 per cent of these accidents occurred on dry pavements and one-third of the fatalities were on the open highway.

Figures on accidents caused by drunken drivers aren't provided, but they are many and represent the toll exacted by an aggravated form of criminal negligence. The statistics demonstrate that the nation's traffic toll can be reduced only by the elimination of unfit drivers, education of the rest in the ways of safety and relentless vigilance in traffic law enforcement.

Scanning the Record

By George E. Sokolsky

Changes in American Family Life.

MANY of the changes that have come to the United States since we came into the twentieth century are due to causes other than politics. For instance, the steady movement off the farm is not the least of them.

Much of what might be called the American way of life was a farmer's way of life. The emphasis on the family, the general political economic and social conservatism of our people was characteristic of those who owned their own land, their own homes, their own lives. The farmer, if poor, was never driven; he never developed a slave psychology. He was never afraid. He might be mortgaged but seldom feared the monthly bill collector. He himself produced.

SOKOLSKY

Before 1870 more than half of the American people were farmers, since then the agricultural population has been reduced to less than one-fifth. That reduction has continued since 1929, when 24.9 per cent of our people were farmers; in 1947, the farmer amounted to only 10.3 per cent.

Of course, it does not require as many persons to produce farm products today as it used to, because of the mechanization of agricultural processes. If the chores can be done by a machine, sons and daughters step off the farms for work and life in the mills and factories and stores in the cities. From the viewpoint of economics, the movement off the farm may benefit the individual because his cash income is increased, his material standard of living is appreciably raised, and the social advantages for his children may be improved.

Different Environments

However, city folks think differently from country folks. Few American farmers can possibly believe, as so many New Yorkers do, for instance, that the United States of America is a punk country and ought to be pushed aside for some European conqueror. Love of the soil is more readily translated into love of country than is possible for those who pound sidewalks and live in an atmosphere of neon signs and the excitements of restaurants and saloons. Families that feed themselves, where mama cooks and the boys bring in the firewood, are closer to wholesome ideas than folks who live in the subways and eat in coffee shops and corner drug stores. It is the way of life that is much more important than the economics of the situation.

And that is something that we shall have to think about as our cities grow larger and the mind lives under the constant tattoo of city noises, of auto horns and radios and the constant motion of vehicles. The American family is being scattered and therefore ceases to exist, when there is no longer a central homestead and brothers live a continent apart and cousins do not know each other at all. It is a very different America we are molding when the family name, related to a geographical area, has lost all meaning.

"Weakened Institution"

Yet, that, the figures as well as observation show, is happening and if it continues at the terrific pace it has been moving since 1870, the American family will, at best, be a weak institution, useful for the infant years and then lost.

Perhaps this is one of the reasons for our enormous divorce rate. For whereas it is understandable that those who devote themselves to what is fancifully called cafe society in the big cities, look lightly upon marriage as they look lightly upon all else, it becomes a caution when the divorce rate is high among the total population. We speak then of broken families. But is it not possible that the city families are broken even before a divorce takes place?

For instance, the farmer and his wife are constantly close to each other and to their children during the entire day. They live in a partnership and have to practice mutual aid to survive. But that is not generally a characteristic of city life. Everybody rushes off after breakfast and returns tired from work or even school toward evening. Absence makes them strangers. It's like the little boy who wondered who that strange man was about the house. It was, of course, only his father. How would the little boy know?

Key To Electoral Arithmetic

Six States Can Decide Outcome of 1948 Race.

KEY to Republican chances of winning the presidency in 1948 is the electoral votes of California, Illinois, Massachusetts, Michigan, New York and Pennsylvania.

These are the big-city states that New Dealers concentrated on while reelecting Franklin D. Roosevelt. In 1944 they could point to the fact his success in these six states was due, with two exceptions, to the big-city votes. Only in California and Massachusetts were his statewide majorities greater than his big-city margins.

Of the 10 largest cities in the country, Boston, Chicago, Detroit, Los Angeles, New York, Pittsburgh and Philadelphia are situated in the six largest non-southern states that went to Mr. Roosevelt in 1944. Another big city, Cleveland, won Ohio for Mr. Roosevelt in 1940 and came within 12,000 votes of winning it for him in 1944.

To show how the big-city vote works, more than one-third of the Roosevelt total of 1,570,763 in Ohio came from Cuyahoga county in 1944. The city of Cleveland went for Roosevelt by better than two to one.

In New York City, the classical example of big-city dominance of a state's electoral votes, Mr. Roosevelt's margin of 902,057 votes in 1944 was enough to cover his deficit in the rest of the state with 316,591 to spare. This shows why Democratic politicians are apprehensive about Henry Wallace's third-party vote. Any substantial desertion of the Democratic candidate in New York City, Philadelphia, Detroit and Chicago automatically would put New York, Pennsylvania, Michigan and Illinois in the Republican column. If Wallace can take away enough votes from the Democrats in the six big-city states named above, the Republicans would win a majority of the electoral votes without an actual majority of the popular vote in the three-party contest. By winning these six states and holding the 12 states carried by Thomas E. Dewey in 1944 the Republicans could win the election.

This is a longer chance than the Democrats must take, because of the Solid South, provided they can hold it in line. The 10 "solid" states have 148 electoral votes. It takes only 118 more to elect a president. The 118 could come from California (25), Illinois (28), Massachusetts (16), Missouri (15), and Pennsylvania (35)—a total of 119. There are 531 votes in the electoral college.

Many Visit State Memorials

COLUMBUS—Interest in Ohio's history has increased by 52 per cent during the first quarter of 1948, according to Erwin C. Zepp, director of the Ohio State Archaeological and Historical society.

Figures just released which are an accurate account of the visitors to the 52 state memorials administered by the society show a total of 54,389 for the first quarter of 1947 as compared with 83,202 for the same period of 1948.

If this rate of increase continues, visitors to Ohio's historic sites and to the society's headquarters, the Ohio State Museum in Columbus, will reach the 2,000,000 mark in 1948.

The largest increase is seen at Fort Laurens near New Philadelphia, where the total attendance for the three-month period jumped from 317 in 1947 to 2,605 in 1948. Other notable increases are Clark Memorial at Springfield from 7,480 to 23,160; Fort Ancient, north of Cincinnati, from 9,254 to 12,984; Hayes Memorial at Fremont from 1,919 to 4,940, and Schoenbrunn, near New Philadelphia, from 680 to 3,316.

Ohio residents as well as people from all parts of the country and from different parts of the world find it interesting and satisfying to visit these historic sites administered by the State Historical society.

A New Type Comedy Program?

A Chicago corporation last week held its director's meeting by television.

That's one way to give stockholders the picture.

But how do they know their competitors weren't listening in?

Televised directors' meetings may catch on. Although it will naturally take listeners some time to get used to the idea of passing out dividends instead of refrigerators.

The new programs probably won't have much Hooper rating unless they can get a couple of good comedians on the board.

Of course, they could use the soap opera approach. Thousands of listeners doubtless would wait breathlessly from one program till another to find out whether the vice president in charge of employe relations is able to get a second to his motion to place a better grade paper towels in the company washrooms.

I can see it now . . . . the handsome board-room; the men of distinction gathered at the long, mahogany table, the dignified chairman rapping his gavel to call the meeting to order, and . . . . But, First, A Brief Word From Our Sponsor.

Where Man Started?

By The Associated Press

LONDON—Man probably originated in South Africa a million or more years ago, says C. Vanreit Lowe, archaeologist, who has returned from South Africa. Certainly South Africa has been inhabited since the arrival of the first men, he says.

He reports finding two factories where prehistoric man made primitive tools. He believes an area at Bloemfontein near Fauresmith, South Africa, contains the most valuable collection of Stone Age relics in the world.

Howe believes he has enough evidence to work out a full picture of a prehistoric culture.

The Boot

From News of Other Years

TEN YEARS AGO

It was Friday, April 22, 1938.

It was announced in Washington that members of the house naval and military committees would make a thorough checkup during the coming summer on the nation's defenses, from Maine to Hawaii and from the Panama Canal to Alaska.

Regional and district officials of Montgomery Ward & Co were in Marion for the opening of the company's new department store on West Center street. Approximately 18,000 persons visited the store.

Attorney Sylvester Larkin, patriotic instructor of Marion Camp No. 32, United Spanish War Veterans, was a guest speaker when the veterans observed muster day at the Armory.

A son was born to Mr. and Mrs. Carl Dolittle of Bryant street.

Lawrence A. Berry and Miss Ruth Hitt were married by Rev. J. E. Davidson, pastor of the First Church of the Nazarene, at the parsonage.

Mr. and Mrs. H. C. King of South Grand avenue returned from a visit of several months in St. Petersburg, Fla.

Mrs. Lucille Mulligan was obligated as a new member at a meeting of the Woman's Auxiliary No. 179, to Marion Typographical Union No. 675, at the home of Mrs. Anna Green on Olney avenue.

A campaign against motorists who ignored the stop sign on Route 98 at "suicide crossing" five miles east of the city was being conducted by Sheriff Fred F. Miller.

TWENTY YEARS AGO

It was Sunday, April 22, 1928.

Joseph P. Garber, 50, died at his home in Caledonia.

Funeral services were held for Jacob Tron at his home in Big Island township. He was one of three relatives living in Marion county, who died within two hours on Friday. The funeral of George W. Strine, one of the three, was set for Monday at his home on Darius street and the last rites for Mrs. Margaret Strine Tron, cousin of Mr. Strine and daughter-in-law of Mr. Tron, were held at her home on Ballentine avenue Saturday.

A son was born to Mr. and Mrs. W. C. McCaulley of Smith street.

Mr. and Mrs. Charles McCombs entertained at dinner at their home on South Main street in celebration of the birthday anniversaries of Mrs. Donivan McCombs of Akron and Mrs. Harold Wien of Marion.

Honoring Mrs. Fred Haskell and her sister, Mrs Earl Stiffler, whose birthdays both came on April 24, a company of friends and relatives was entertained at dinner at the Haskell home on North Prospect street.

The Cleveland American League team defeated St Louis 2 to 1, George Uhle pitching for Cleveland and allowing only six hits.

U. S. Responsibility in Italy

By Walter Lippmann

ALTHOUGH figures and details are not yet available to prove it, it is highly probable that the Socialists in Italy have in considerable numbers already broken away from the Communists, and that its decisive defeat may mean the dissolution of the Popular Front.

If that is correct, then in the next few weeks as the new government is formed, the crucial question will be whether de Gasperi and Saragat can agree on measures of reform and reconstruction, and on a distribution of officers, which will reunite the Socialists and bring them into a coalition with the Christian Democrats.

LIPPMANN

Nothing less than this can offer durable hope of a stable government in Italy. We must not overestimate the present results of the election. The Communists were decisively defeated in the voting; the Christian Democrats got a good plurality; with the Saragat Socialists and some of the more dependable splinter parties, there is a fairly big non-Communist majority. But a 60 per cent to 70 per cent majority, when it is a coalition, is not good enough to govern Italy well during the trying years ahead. It needs to be enlarged and strengthened by a divorce between the Socialists and the Communists, not only in the Chamber of Deputies and the Senate but also in the labor unions and in local politics.

Only when the Communists are isolated, will their power to cause trouble be under effective control. To do this it is not only necessary to exclude them from the new government: it is necessary also to reunite and reorganize the Socialists so that they may be included in the government. This is, of course, primarily an Italian problem in which the statesmanship of de Gasperi and the views of the Vatican will be the determining factors.

U. S. Influence

But the influence of the United States is great. The security and the sustenance of the Italian nation, depend, unhappily, upon America, and therefore we shall be answerable for how wisely we exert our influence. we seem to have given the Italians the impression, as that admirable reporter, Mr. Stewart Alsop, has just said in a dispatch from Italy, that we are "a reactionary Santa Claus." The impression needs to be corrected. For unless the non-Communist coalition identifies itself with the reconstruction of Italy, not merely with anti-Bolshevism and belief, the electoral victory we are celebrating today will gradually become rancid.

The Italian election has confirmed the experience of 30 years, that the Communists, without the Red army, cannot get and hold the control of a European nation by elections, by propaganda, infiltration or a coup d'etat. The Communist doctrine appeals only to a minority, less than 25 per cent. It is a minority which can cause trouble. But against the army and the police it cannot seize power.

The more trouble it causes the more it arouses the resistance of the other elements of the nation. When the Red army cannot intervene, the national forces can always defeat the Communists in an election and they can and they will crush the Communists if it comes to an insurrection.

Result

But—and this is the critical proviso—if the non-Communists are not able to govern well, if the Communists make enough trouble to paralyze the government and the national life, then the beneficiaries of bad government and disorder will be a determined minority of Fascists or Fascist fellow-travelers. That is what happened after the first world war and it may happen again after the second.

It is likely to happen unless we, who exercise such influence, understand that in western Europe—outside the reach of the Red army—the real danger is not that the Communists will get the power. It is that constitutional governments, unable to govern well and to cure the discontent which the Communists exploit, will collapse as between the two wars they did in Italy and Germany. Poland, Hungary, and Romania, and be succeeded by warlike Fascist dictatorships.

Cosmic Observatory

By The Associated Press

NEW DELHI—India plans to build a high altitude observatory in the Himalayas 26,000 feet above sea level. This was revealed by Dr. S. K. Banerjee, director general of Meteorological observatories at the Indian Science Congress at Patna.

Dr. Banerjee said the government of India proposed to erect the observatory in the region of Mt. Kamet. It would be fit for observing cosmic radiation and take astronomical, biological and meteorological observation.

He said India had special advantages for cosmic ray investigation as the geomagnetic equator passed near Cape Comorin, southern tip of this subcontinent.

A Slight Difference

By TRUMAN TWILL

The difference between a philosopher a fellow who knows when he's licked is the ference between saying, "Why doesn't it raining?" and "I can't make it stop rain why talk about it?"

Bald men are mellow about having no or sensitive about it, depending on wh they're philosophers or merely frustrated who have lost their hair.

Fat women either quit talking about deplorable condition and become philosop or make pests of themselves by yapping they are in the midst of reducing cam which they inevitably will lose—they a have lost it before.

Or take the matter of growing grass, a t example. Some householders smilingly it's impossible to grow grass against the op tion of children, dogs, blight, grubs, bad weeds and midsummer heat—so they waste any time trying to do it. Other h holders point out bitterly that children, blight, grubs, bad soil, weeds and midsu heat will break the heart of anyone who tr grow grass—but they're still trying.

Some automobile drivers philosophically plain, if asked about it, that survival o highways is a matter of making proper a ances for all other drivers. Others explain terly that the chances are good of being by some fool who will get you when y least expecting him.

Of two men, equally unattractive fro objective point of view, one will react t fact of his ugliness by bearing in mind it do really matter what he looks like, while other will never fully lay aside a suspicion it really does matter what he looks like be if he'd been handsome everything woul different.

The philosopher deals with reality by fe off its hard knocks with the elbows o reasoning power. The man who merely k when he's licked drops his guard, then plains because he gets hit.

A philosopher looks at daily evidence tha world is going to the dogs and points out it has been going to the dogs for thousan years; the man who knows he's licked an sents it will look at the same evid acknowledge that the world has been goi the dogs for thousands of years and bet y to 1 that this time it gets there.

Philosophers are men who know th licked and have decided to be sweet abo A man who's licked and doesn't feel li philosopher says, "Inflation is a * * * cr A man who feels like a philosopher says, your hair on, pal. It's only money."

MARION CITY REPORT GIVEN

Only a Few Findings Listed in State Examiners' Inspection.

State examiners found relatively little fault with the administration of Marion's municipal affairs during the period from September 1945 through April 1947, according to a report issued by State Auditor Joseph T. Ferguson and received by city officials this week.

Examiner Eli Harris, who conducted the inspection of the city books, found grounds for only eight findings for recovery and three findings for adjustment in the nearly two year period.

Findings for recovery totaled only $236.19 while findings for adjustment totaled $2,613.45. One item comprised the bulk of the latter total and was for $2,500 in favor of the sinking fund against the bond and coupon account by virtue of overprovision for bonds and coupons.

City Treasurer Harry D. Cahill, the report said, "is to be commended for having in his custody proper and sufficient collateral securities in an amount necessary to properly safeguard the city's funds on deposit."

Contract Called Inadequate

The examiners pointed out that no contract exists between the city and the National City Bank of Marion and the Marion County bank that meets the requirements of the uniform depository act. They had reference to deposits of active city funds in the two banks.

It was noted that by resolution of city council, the city treasurer was authorized to contract with the banks for deposits with the maximum to be deposited designated as $300,000 in the National City bank and $200,000 in the Marion County bank.

Examiners reported no contract was negotiated and the maximum of deposits indicated for the National City bank was exceeded by deposit of proceeds from the sale of city sewer and airport bonds.

City Auditor Elmer Shaw was complimented for financial records "maintained in a complete and accurate manner." Examiners said his records were neat and accurate and should be commended.

Technical Errors Listed

Only two transactions were considered carried out at variance with governing statutes, in the opinion of the examiners. These involved purchase of equipment valued in excess of $500 without advertising for bids and use of gasoline tax receipts for other than street and road improvement.

The city purchased mobile transmitter units and accessories worth $641 for the police department on Dec. 26, 1946 and on Sept. 24, 1946 bought street signs worth $78.15 out of gas tax receipts. The latter transaction was held as a finding for recovery.

Examiners had no criticism of the manner in which the mayor's office was handled, nor with the operations of the city solicitor. Council was given a clean bill with the exception of a note that ledgers for ordinances and resolutions were not properly indexed, making it difficult to locate a particular piece of legislation.

The report stated that as far as examiners could ascertain, no action has been taken by council to enact legislation fixing compensation for members of the local civil service commission.

Examiners found $48 in fines for violation of state statutes had been paid over to the city treasury rather than to the county treasurer by the municipal court.

Report on Hospital

On the hospital, the report carried this conclusion by examiners: "There is no doubt that the city-owned hospital is rendering valuable service to the city and surrounding communities by affording the best possible medical and nursing service available under existing circumstances.

"However, records covering delinquent accounts are inadequate and receipts are not properly classified. It is the opinion of your examiners that officials administering hospital affairs should be able to determine the amount of revenue derived from various sources, so that in the event the cost of such items as drugs, etc., was exceeding the revenue derived, proper adjustments could be made by increasing the charge to patients."

Examiners noted that an administrator has been employed to take care of the existing situation, and concluded that the hospital should be commended for its endeavor to provide for service.

Program Given On Shakespeare As Season Ends

FOLLOWING an annual custom members of the Shakespeare club observed the birthday anniversary of Shakespeare when they closed their season, yesterday at the home of Mrs. Filmore Young on Mt. Vernon avenue.

The group met for breakfast and later there was a program and business session Spring flowers were used throughout the rooms and the table held an arrangement of jonquils, narcissus and other spring bloom. For roll call the members gave Shakespearean quotations on "Friendship" and Mrs. Young gave a history of the annual Shakespeare festivals held at Stratford-on-Avon and told interesting incidents of one of the events she attended

Four of the members, Mrs Frank C. Gegenheimer, Mrs. J. W. Jolley, Mrs. Clyde Wogan and Mrs J A. Slanser, had perfect attendance for the year and each was presented a potted plant Arrangements were completed to have 10 volumes of the Shakespeare Association bulletin bound, which will complete the collection from its beginning.

The following officers were named for the coming season: Mrs Z Stout, president; Mrs. H. J. Mautz, vice president and Mrs. J A Slanser, secretary-treasurer. For next year's study the group will take up the story of "Anthony and Cleopatra," and will also include in the work a study of a contemporary Elizabethean play to be selected by the program committee composed of Mrs. Young, Mrs. J W. McMurray and Mrs Clyde Wogan.

ler, Joan Merrill, Barbara McIntire, Peggy McWilliams, Barbara Weber and Roger Jamison Mrs Virginia Griffiths sang and played a Russian folk song.

Plans were completed for the chapter to entertain Delta chapter of Canton Sunday, May 23. The last meeting of the season will be held May 25 at the home of Mary Beth Traxler of near Nevada at which time officers for the new year will be elected.

A surprise potluck supper Friday evening at the home of Mr. and Mrs. George Fiant south of Cardington was in honor of Mrs Fiant who was celebrating her birthday anniversary The celebrant received a number of gifts. Guests included Mr and Mrs Raymond Fiant and children, Lois, Kenneth, John and Carl, Miss Peggy Herr of Chesterville, Mr and Mrs. Elmer Harruff, Charles Squibb, and Mr and Mrs Arthur Manley and daughter, Cynthia, of Marion.

Members of the Emanon club met recently at the home of Mrs. Iona Hoch of Cathart street. Contests provided entertainment.

AID SOCIETY MEETS

Mrs H. E. Winters was hostess to the Ladies' Aid society of Forest Lawn Presbyterian church in her home at 1271 East Center street Tuesday night. Devotions were by Mrs Charles Lamb, and for a program, readings were by Mrs. Wilson Dallas and Mrs. Frank Phillips A project was approved to be presented to various groups of the society at their meetings A report was given of seven calls made The next meeting will be held in the home of Mrs Jack Unland.

Weddings

The wedding of Miss Mary Helen Armbruster, daughter of Mr and Mrs. Edward Armbruster of 240 Patterson street, and Robert Obenour, son of Mr and Mrs. M. N. Obenour of 160 Dix avenue took place Friday evening, April 16, in Emanuel Lutheran church. The double ring ceremony was read at 7:30 o'clock by the pastor, Rev. M. E. Hollensen. The church was lighted with candles and decorations on the altar were white stocks, pink snapdragons and fern.

Miss Patricia Curl played a program of wedding music preceding the ceremony and Miss Martha Ekey sang. The organ numbers included "Salut d'Amour," "Always," "Stardust," "Oh, Promise Me," "Because," "One Alone," "I Love You Truly," "Ah, Sweet Mystery of Life," and "To a Wild Rose." The vocal numbers included "Always," "Because," "I Love You Truly" and "The Lord's Prayer." During the ceremony Miss Curl played "Oh, Perfect Love."

Given in marriage by her brother, Ralph Armbruster, the bride wore an ankle length dress of pale taffeta made with a full skirt, peplum front and bustle back. Completing her costume was a pink tiara of horsehair braid and long white gloves and she wore pearl earrings, a gift of the bridegroom. Her bouquet, carried on a white Bible, was of pink and white roses with matching streamers.

Mrs Elsie Longacre of Columbus, sister of the bride, was the matron of honor She wore a dress in a pale blue shade fashioned similar to the bride's gown, with long white gloves and a blue tiara of horsehair braid. Her flowers were pink camellias

Robert Dixon, brother-in-law of the bridegroom, was the best man and ushers were his brother, Glen Obenour and Walter Snyder, also a brother-in-law.

To light the candles Mrs Betty Ralston was costumed in a light blue silk dress with white accessories with which she wore a blue tiara and a corsage of white camellias.

The bride's mother chose a suit in a gold shade with which she wore black and white accessories The bridegroom's mother wore a costume in an aqua shade with black accessories. Both wore corsages of sweet peas.

Open church was observed for the ceremony which was attended by 100 relatives and close friends. Following the ceremony there was a reception at the home of the bridegroom's parents where 30 guests were entertained.

The bride was graduated from Harding High school in 1945 and is employed as a secretary in the sales department of the Marion Power Shovel Co The bridegroom was graduated from Harding High school in 1944 and attended Ohio State university. He served 26 months in the Army in World War II and is employed with the Pollak Steel Co The couple are making their home at 205 South High street.

The bride's gift to the matron of honor was a billfold, and she presented the organist with a compact, the soloist a gold pin and earrings and the candlelighter silver earrings Mr. Obenour presented Mr Snyder and Mr Dixon gold tieclasps and to Glen Obenour he gave a key chain.

Following their marriage April 2, and a wedding trip, Mr and Mrs LeRoy Fetter are making their home in Morral with the bridegroom's mother, Mrs Fred Fetter The bride is the former Miss Jane Moore, daughter of Mrs LaVina Piazza of 352 Avondale avenue. In an account of the wedding in Saturday night's Star, the name of the bride's mother was listed incorrectly.

Federated Clubs Protest Ban On Bible Teaching

A RESOLUTION expressing the sentiments of the executive board of the Marion County Federation of Women's Clubs against the ruling of the supreme court regarding the teaching of religious education in the public schools will come before the state convention of women's clubs during its session this week in Columbus, the board was advised at the monthly meeting yesterday at the Federation Home.

Other matters of business coming before the board were details on the annual fine arts day program and anniversary party on May 3, and the announcement of the purchase of radio-phonograph for the sight saving class at the George Washington school, with award funds received by the federation in sales of articles made by the blind of the state.

While the federation recognizes that the ruling of the supreme court governing the teaching of Christian education in public schools is final, the board nevertheless regards it as a "shift to neutrality in government policy in contrast to a former attitude of encouragement and support." In protesting the decision the resolution expresses the opinion that it is the inherent right and duty of citizens to provide Christian education for the youth of America and urges "further consideration of the problem in order that an adequate method of character training for youth may be found." Serving on the committee were Mrs Ray Gatewood, Mrs W N. Harder and Mrs Troy McClure.

Funds received as awards during the last two years by the blind of the state, were used to purchase the radio phonograph for the sight saving class. The instrument was shown to the members of the board and later taken to the school by Miss Helen Bowe, chairman of this year's sales As in former years the standing of federations in the state in the annual sale of articles made by the blind, will be announced at the state convention

Miss Bowe reported an and $2 200 for the season by the clubs

Mrs James Ralston, fine arts, chairman, announced that displays are to be placed at the Federation home on Sunday, May 2, in order to be ready for the fine arts day on Monday and the flower arrangements on Monday morning Members are asked to display their gems one table place settings and flowers in mid-victorian containers to carry out the anniversary theme of 50 years ago Mrs Lewis Uhl chairman for tickets for the anniversary dinner announced 200 tickets are available and asked that reports of the various clubs be in not later than April 30 Among those attending the anniversary dinner will be Mrs. C E M. Penny of Springfield, state president, Mrs J Burlin Johnson of Dayton, first vice president, Mrs Chester Smith of Columbus, district president, it was announced.

Wednesday, May 19, is the date scheduled for the combined meeting of the retiring and incoming board The meeting will be a luncheon at Hotel Harding

HONOR GUEST TO VISIT OHIO

Town To Greet Woman Who Cares for U. S. Soldier Graves in Holland.

By The Associated Press

CHILLICOTHE, O., April 22—[illegible] Frankfort, O., (population [illegible]) stepped up preparations today for the arrival next week [illegible] special guest from over-[illegible].

She is Mrs. Mary Krijger of [illegible]dam, Holland, whose tenderness of thought and action won [illegible] an almost reverent spot [illegible] the hearts of the neighboring [illegible] county community.

Since V-E she has spent most of her spare time caring for the graves of four Frankfort boys who fell in Holland, now buried in Margraten cemetery near her [illegible].

Known personally by not one resident of the town, Mrs. Krijger nevertheless has managed, in so many little ways, to endear herself. There have been letters. She sent pictures of the graves. She sent a record of her own greetings to the family for the wedding of a daughter, and also a record of her radio talk at Memorial day services at Margraten. She sent table bulbs.

Frankfort people sent her clothing and seeds for flowers to be planted around the graves of Merrill P. Hughes, James W. Kinney, Tony Seyfang, and Hughes' uncle, Julian Patrick. Hughes' brother, Charles, met her at the graves in January, 1945.

Four Frankfort women will meet her when the liner Westerdam docks at Hoboken, N. J., April 26. They are Mrs. Mary Keim McIlvaine, Mrs. Albert Peterson, Mrs. Ralph Whaley, and Mrs. Willard Peterson. They plan to take her to Washington, then bring her to Frankfort.

At Frankfort she will stay with Mrs. Willard Peterson. There will be a community reception and tea May 7. She is scheduled to speak at the Chillicothe Garden club May 11, the New Holland American Legion auxiliary May 14, and the Chillicothe Kiwanis club June 8.

On Memorial day she is to take part in dedication of Frankfort's memorial shaft to its war dead, along with Lt. Gov. Paul M. Herbert.

She is the wife of an irrigation engineer. Their home was used as a headquarters by the U. S. Army for a while during the liberation of the Netherlands.

MRS. TRUMAN HONOR GUEST. Mrs. Truman, honor guest at the annual Senate ladies' luncheon, chats with Mrs. Henry Cabot Lodge (left), wife of the Republican senator from Massachusetts, and Mrs. Arthur H. Vandenberg (right), wife of the Republican senator from Michigan.

Large Audience Sees Plasant Class Play

An audience of between 500 and 600 persons attended the presentation last night of the three-act comedy, "Seventeen Is Terrific," by the senior class of the Pleasant Township school. The play was directed by Robert Thomas and Myron Halley, members of the school faculty.

In the cast were George Grace, Donna Millisor, Norma Neidhart, Charles Myers, Alma Harrold, Frances Fox, Ronald Gorby, Janice Corbin, Margene Hoch, Jack Merchant, Bob Dunbar and Martha Zachman.

Special music between acts included a piano solo by Virginia Wick, and numbers by a seventh grade girls quartet composed of Mary Sue Pilkington, Virginia Wick, Shirley Zuspan and Kathryn Shorter, accompanied at the piano by Jean Click.

SAYS ITU GUILTY OF LABOR LAW VIOLATION

By The Associated Press

WASHINGTON, April 22—A trial examiner for the national labor relations board today found the International Typographical Union and its Baltimore local 12 guilty of violating the Taft-Hartley act.

The examiner, William Ringer, recommended the board order the ITU to change its international "constitution, by-laws, general laws, and policies" to conform with the law. These were the violations he said he found:

1. Local 12—But not the ITU—has refused to bargain, and the parent organization has required local unions to refuse to bargain.

2. Both the ITU and local 12 have coerced or restrained employes by requiring them to become ITU members as a condition of employment.

3. Both the international and the local have tried to cause employers to discriminate against non-union printers.

The case was begun by the Graphic Arts League, which represents 22 commercial printing companies in Baltimore.

But Ringer's report, if adopted by the five-man NLRB, would apply nationally against the ITU and would affect ITU relations with newspaper publishers as well as printing shops.

Robert N. Denham, the NLRB general counsel, has issued several complaints against the ITU. This is the first case, however, in which a trial examiner has reported.

Ringer recommended that local 12 be ordered to bargain with the Graphic Arts League and put any understanding into a signed agreement.

He found that neither local 12 nor the ITU was guilty of coercing employers in selection of their foremen. The complaint charged there were "threats or warnings" to the companies to keep them from hiring non-union foremen. But Ringer said he found no substantial evidence of this.

SWIM POOL POPULAR

MARYSVILLE, April 22—The municipal swimming pool here will open on Memorial day. Frank W. Galloway is general manager, Byrle Mosher, Raymond school head, pool manager. Last season in addition to season ticket holders there were 13,145 paid admissions to the pool.

SLAYER'S SOLE HOPE LIES IN CLEMENCY

BULLETIN

By The Associated Press

COLUMBUS, April 22—Gov. Herbert today refused to intervene to save Kenneth Salter from death in the electric chair tomorrow night for the chloroform-rape slaying of 11-year-old Barbara Dunn of Toledo.

* * *

By The Associated Press

COLUMBUS, O., April 22—Executive clemency is Kenneth Salter's last hope to escape execution tomorrow for the chloroform, rape slaying of an 11-year-old Toledo girl.

Salter, 31-year-old Toledo printer, was denied a rehearing yesterday by the Ohio Supreme court.

He will die about 8 p. m. tomorrow in Ohio penitentiary's electric chair unless Gov. Thomas J. Herbert grants his appeal for clemency. The governor is out of the city and not due to return until tomorrow.

Salter, convicted in the slaying of Barbara Dunn, sought rehearing on the grounds that when he administered chloroform to her June 1, 1946, in her home, he did not intend to kill her.

In another decision, the court upheld the state board of tax appeals in a tax exemption case involving the Roman Catholic church in Steubenville.

The board ruled the first and third floors of a building owned by the church were used for tax-exemptible purposes, but that the second floor—including the priest's living quarters—was not exempt.

Since the board lacked authority to make a partial exemption, it held none of the property was entitled to exemption. Bishop John King Missio of Steubenville diocese appealed.

"Where a part of a separate parcel of real property, owned by a charitable institution, is used for an exemptible purpose and part is not," the court said, "there being no authority to split the listing of separate parcels so as to tax one portion and exempt the rest, such property is not entitled to any exemption from taxation."

Mendelssohn Numbers Feature Club Program

Miss Joan Glassmeyer of 235 Pearl street was hostess for a meeting of Chi of Ohio, National Society of Pi Mu, Monday evening. For the program Miss Emma B. FLOOD CONTROL BILL GETS AMENDMENTS

By The Associated Press

WASHINGTON, April 22 — Two important amendments to the flood control bill that will be reported to the house soon were introduced by Rep. Muhlenberg (R-Pa).

Muhlenberg, an architect and engineer, says he considers them his chief accomplishments

One would permit the Army engineers to go ahead with small flood control jobs without awaiting authorization of congress

The second would permit the engineers to extend, strengthen and do other limited work on flood control levees without congressional permission At present they can only repair levees that have broken.

Regarding the first amendment, the engineers would be permitted to go ahead with flood control work so long as its cost did not exceed $100,000 The district engineer would have to consult his superiors in Washington before going ahead. And there would have to be a guarantee on the part of local authorities that the work would be maintained The site of the work also would have to be provided by local interests without cost And, finally, the work would be no guarantee that other and more costly work would be done later.

Muhlenberg said there are times when the engineers, by acting promptly, could prevent extensive flood damage with comparatively little construction At present they are forced to go through the usual routine of surveys, authorizations and appropriations These sometimes require several years. By that time the damage may have been done and more extensive work required

In Plain Words

By James Marlow

WASHINGTON

WHAT did John L. Lewis gain by the coal strike and what was lost?

It isn't certain Lewis gained anything He supposedly won a pension for mr miners But now there's a court fight over that.

But what was lost is clear. For the one month in which no miner worked and no coal was dug this happened

The miners lost about $106,274,000 in wages.

Their welfare fund lost between $4,000,000 and $5,200,000.

Coal not mined—about 52,000,000 tons.

Those figures can be considered a minimum The full strike lasted from mid-March till mid-April.

James Marlow

But in the past week many thousands of miners stayed away from work. So coal production has been spotty.

In addition to the figures listed above, there were these losses:

The miners' union was fined $1,400,000 for contempt of court. Lewis was fined $20,000 for contempt of court, too

The government figures that when the mines are working full blast, the average number of men at work any given day is about 350,000

Before their walkout, their average weekly earnings were $75 91, or $303 64 a month For the full month of strike they lost $106,274,000 in earnings

Under their contract with the union, mine owners pay into the miners' welfare fund 10 cents for every ton of coal mined

FROM LAST JULY till mid-March, when the strike started, the owners had paid into the fund about $33,000,000

About 13 000,000 tons of coal were dug weekly before the strike The month's shutdown meant 52,000,000 tons not mined

With 52,000,000 tons not mined—10 cents had been paid on every ton—the loss of the miners' welfare fund would have been about $5,200,000.

(Since not all the owners pay the royalty, the minimum loss to the welfare fund was probably $4,000,000 or more.)

The $1,400,000 fine on the union is not a crushing blow. How much the union treasury has now is not known. A year ago it was reported to have $15,000,000. The union pays none of its money in strike benefits.

LEWIS' FIXED SALARY as head of the union is $25,000, plus expenses Whether his $20,000 fine will be considered "expenses" is not known.

As to what Lewis may have gained—

Under the contract with the mine owners, signed last July, Lewis and the owners were supposed to agree on a pension plan for the miners. The money was to come out of the welfare fund, paid for by the owners.

Lewis wanted $100 a month pension for every miner who has reached 60 years of age and worked 20 years in the mines, no matter when he reached 60 or finished his 20 years' work

The owners said under the Taft-Hartley labor law, passed last July, no one could get the pension who hadn't been working since the contract was signed last July

Finally Lewis accepted a plan suggested by Senator Bridges, New Hampshire Republican.

UNDER THIS ANY miner who finished 20 years work and reached 62 since May 29, 1946, can get a pension.

But Lewis turned down what some people think was a better plan—if he had accepted it there would have been no strike at all—offered months ago

This was a plan by Thomas E Murray, New York businessman who, with Lewis, representing the Miners, and Ezra Van Horn, representing the owners, made up a three-man board of trustees to decide on a plan

Murray suggested $100 a month pension—on a priority basis—for all miners who had reached 60 and completed 20 years work, since July 1, 1942.

There's a chance Lewis may not get the plan he accepted from Senator Bridges The owners have gone into court to stop it, saying, as noted above, it's against the law.

MARION MEN'S TRIAL OPENS IN BUCYRUS

Selected This Morning; To View Scene.

Special to The Star

BUCYRUS, April 22—Trial of [illegible] Marion men on charges in connection with strike activity at [illegible] last fall opened in Crawford county common pleas court [illegible].

Crawford County Prosecutor Scanlon indicated that they will be tried first on a charge of operating a motor vehicle without the owner's consent. They were indicted last fall on five separate charges including kidnaping.

They are Richard Gibson, 29, of [illegible] Williams street, James A. Wilson, 30, of 361 Clinton street and Walter E. Foust, 30, of near Marion.

Forty-one jurors were called this morning before a panel of 11 men and one man was seated by 11 o'clock. Attorney Thomas Fetter, defending the men, exercised six or eight challenges.

Jury will be taken to view the scene of the alleged "kidnaping" at the North Electric company [illegible] by the Marion men which occurred in Galion last Oct. 7 at the peak of the strike.

Prosecutor Scanlon said testimony will probably get under way this afternoon. He indicated the state will call at least six or seven witnesses. Attorney Fetter planned to call four.

19-Year-Old Boxer Dies of Ring Injury

(More on Sports Page)

By The Associated Press

MILWAUKEE, April 22 — Bobbie Darthard, 19-year-old Kansas City middleweight boxer, who collapsed during a bout here last night, died today.

Darthard was unable to answer the bell for the seventh round of a bout with Bert Lytell, of Fresno, Calif. He had absorbed a severe beating in the third and sixth rounds.

A brain operation was performed on Darthard several hours after the bout. Dr. Harry Maxwell said the purpose of the operation was to remove a blood clot on the left side of the head between the brain and brain tissues. Darthard was in the operating room about an hour. He died shortly before 9 o'clock this morning without regaining consciousness.

How Ohioans Voted On Housing Proposal

By The Associated Press

WASHINGTON, April 22—Sen. John W. Bricker (R-Ohio) voted for amendment of the Taft-Ellender-Wagner housing bill to eliminate public housing units yesterday. The amendment failed.

Sen. Robert A. Taft (R-Ohio), one of the bill's authors, was announced as paired against the amendment. He was campaigning in Ohio.

Harding Pictures In New Book on President

President Harding's boyhood home at Blooming Grove in Morrow county and the house in which he later lived in Marion are among the interesting photographs in "Presidents on Parade" by Hirst D. Milhollen and Milton Kaplan published this week by the MacMillan Company in New York. The former is a photograph by Willis F. Johnson from his "A Life of Warren G. Harding," reproduced courtesy John C. Winston Company; the latter is reproduced courtesy Keystone View Co.

"Presidents on Parade," the pictorial history of the presidents, is the first such book and contains 425 beautiful photographs many of which have never before been published.

Mr. Milhollen and Mr. Kaplan are connected with the print division of the Library of Congress, and the book carries a foreword by Luther H. Evans, Librarian of Congress.

AIR TRAFFIC CURBS PUT OUT BY SOVIETS

By The Associated Press

BERLIN, April 22 — A Russian commission recommended rigid new restrictions today on air traffic of the western Allies in and out of Berlin.

The six-man commission, set up to investigate a British-Russian plane collision, urged that the Soviet commander, Marshal Vassily D. Sokolovsky:

(1) Require that the Americans, British and French give 24 hours' notice of their flights through corridors over the Russian occupation zone, with "details about the planes and their passengers."

(2) Prohibit those Allies from making any corridor flight by night, in clouds, in the stratosphere or under other circumstances "in which the plane can not be seen from the ground."

Bowling Alley Operator Fined on Labor Charge

Stephen Herman Kayatin, 32, proprietor of the Recreation bowling alley at 126 South Prospect street, was arrested by police this morning on a warrant charging the illegal employment of minors under 16 years of age, filed by State Employment Officer Grace Seitz of Tiffin.

Arraigned before Judge Hazen today Kayatin entered a guilty plea and was fined $200 and costs, $150 of the fine being suspended.

Miss Seitz, district enforcement officer for the state employment office, said this is Kayatin's second arrest and conviction on the same charge in recent weeks. She warned today that an unrelenting program of enforcement will continue in effect until all violators are apprehended and brought for trial. Constant surveillance of all places in which minors might be illegally employed is in progress, she reported, and additional arrests may be expected throughout her district, she said.

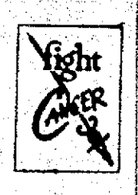
Cancer Society Workers Report $5,500 Given in County Drive

Workers in the house-to-house canvass for contributions to the Marion county cancer campaign reported $5,500 at the report meeting held last night in the parish house of St. Paul's Episcopal church. Six precincts in the city are yet to be heard from and county reports are incomplete, Mrs. Frederick T. Merchant, chairman of the house-to-house campaign, reported today.



Reports from the city and county and other divisions working in the campaign are expected to be completed by the close of the drive next week. Mrs. Merchant, Mrs. W. A. Dennis, co-chairman and Paul Bachman, general chairman, expressed themselves as highly pleased with the progress of the campaign, at last night's meeting.

Proceeds of a sale of tickets for a one-day benefit picture show at the Ohio theater Friday also will go to the cancer campaign. Only proceeds of tickets sold by the workers will be turned over to the fund, it is announced. The tickets for the picture, "Sitting Pretty," are good only for the afternoon and night showings and patrons are urged to attend the afternoon show if possible. Tickets may be had from any of the workers or at Kerrey's jewelry store. The price is 50 cents.

Several precincts not only reached their quota but turned in additional funds, the reports show. In Ward One, Precinct A, headed by Mrs. Charles Walker, with a quota of $125, turned in $125.08, and in Precinct E of the same ward the workers topped their quota of $105 by $20.79. Precinct E is headed by Mrs. Alfred Land.

Precinct A in Ward Two, captained by Mrs. Francis Schill, with a quota of $50, reported $106.86, and Precinct C of that ward, headed by Mrs. Paul Johnson reported $100.80. The quota for the latter group of workers was $75. Precinct E in Ward Two, headed by Mrs. Clifford George and Rev. and Mrs. Josh Collins, topped their quota of $75 with $82.07, and Precinct B in Ward Five, headed by Mrs. Leonard Young, with a quota of $125, reported $125.15.

The quota for the city and county is $7,500.

REAL ESTATE

fight for what they know to be right and in the best interests of the folks back home whom they represent.

"There is no such thing as a little public housing. England has had no private housing since August 1946, and they have had rent control since August 4, 1914. There has been no new private housing in France since 1934. In both those countries private housing under free enterprise is gone. The present bill for 500,000 public housing units is only the beginning of the stream of such projects which if allowed to flow unchecked will sweep away the last remains of the private housing through real estate men and leave the people of this nation defenseless against an organized housing bureaucracy. The first step in establishing Communism in Russia was a similar abolishing of private property and the placing of all housing in the hands of the state. As present public housing laws are written it is not outside the realm of possibility that the same could not happen here.

They Need Help

"Don't be swayed as a mass. Stand up, speak your piece, and let your congressman and senator know what you want him to do. Your congressmen do a pretty good job and in the great majority of cases are able, honest, public servants, but they need your help. Don't be intimidated if someone should try to intimidate you simply because you do not agree with them. Stand up for your rights. If a few thinking people forget the American way and fall for bureaucratic intimidation we would have little left to fight for if war should ever come," concluded Mr. Snyder.

Mr. Snyder's address was the closing one of an all-day regional conference of the Ohio Association of Real Estate Boards at Hotel Harding.

Guests appearing on the platform with Mr. Snyder were introduced by the toastmaster Malcolm R. Prine of Columbus, vice president of the Ohio Association. The list of guests included Mayor Harry L. Dowler, who made the address of welcome; Earl Miller of Geneva, president of the Ohio Association who spoke briefly; Executive secretary Ray Parsons of Columbus; W. W. Weber of Flint, Mich., and Mrs. Weber. Miss Lee Hanson of Columbus, president of Realtors' Secretaries Association, State Representative Kenneth Robinson, Robert T. Mason, Secretary Don Temple of the Marion Realty Board and Mrs. Temple, President Z. Stout of the Marion Real Estate Board, president of City Council William Slack and Harry S. Elliott.

Resolutions Voted

Main business of the morning business session of the regional conference was the adoption of two resolutions. The first resolution lauded U. S. Senator John W. Bricker of Ohio for his strong stand in opposition to the Taft-Ellender-Wagner bill in the senate banking and currency committee and asking him to continue his stand in opposition on the senate floor.

The second resolution asked Senator Taft to withdraw his support of the bill which he originally sponsored and which bears his name.

During the morning and afternoon session the realtors were addressed by experts from all branches of the housing and financing industry, each of whom presented the latest in the new trends in selling and financing real estate in respect to his particular specialty.

The opening address was made by Kenneth Dirlam, secretary of the Mansfield Building and Loan association who spoke on "What Makes the New House Cost So Much." "The Present Mortgage Loan Situation" was presented by W. W. Wheaton, manager of Galbreath Mortgage Co. of Columbus.

The luncheon session was addressed by Don Pomeroy, Syracuse, N. Y. selling specialist, on "The 'New Look' in Selling."

The afternoon session featured an address "Selling Farms in '48" by W. W. Weber, farm sales authority from Flint, Mich., and a panel discussion "Operation of a Model Real Estate Office" conducted by Preston Cooke, Columbus real estate expert.

The state arrangements were in charge of Malcolm R. Prine, vice president of the state realtors group while local arrangements for the accomodation of the 150 realtors from 15 Ohio Counties in attendance were directed by Don L. Temple, secretary of hte Marion Real Estate board. The conference was attended by realtors from Ashland, Crawford, Franklin, Champain, Delaware, Knox, Madison, Richland, Marion, Licking, Clark, Union, Wyandot, Morrow, and Pickaway counties.

POPE LAUDS ITALIANS FOR SENSE OF DUTY

By The Associated Press

ROME, April 22—Pope Pius XII, in a formal statement to the American press, said today the Italian elections "will be memorable in the annals of Italian history."

"An entire people," the Pope said, "has given proof of its grave sense of civic duty and the skies of Italy are brighter with hope."

The Pope implicitly deplored "the error" of those who voted for the Communists.

"Our own paternal heart turns, saddened by the spectacle of so many, who in their egoism or blindness stubbornly held to the path that can lead only to disaster for body and soul alike," he said.

"May He in His mercy and love illumine their minds, so that they may see the error of their way."

The pontiff's statement was in response to a request made to him two days ago by representatives of three American news services whom he received in private audience.

At that time, when only the first returns were available, the Pope plainly showed his joy at indications that the Communist forces, against which he had thrown his own authority, had suffered sharp defeat.

But he expressed a desire to wait until the returns were complete before commenting for publication.

Late today, he sent his statement to the office of Myron C. Taylor, President Truman's personal representative at the Holy See, to be handed to the three American newsmen.

Special to The Star

BUCYRUS, April 22—Another in the series of delicate operations by which surgeons hope to restore to normalcy 14-month-old Richard Allen Hansen, son of Mr. and Mrs. Ralph Hansen, will take place Friday in White Cross hospital, Columbus.

The infant was born with his bladder on the outside and was given but one chance in a thousand of surviving the first of the series of rare operations, performed when he was eight months of age. The series of operations are to continue until the child is six years old.

The surgery is being done by Dr. R. A. Keating of Columbus who plans to write a report for the American Journal of Urology on the case.

VETS' SCHOOL INCOME BILL AWAITS SIGNING

By The Associated Press

WASHINGTON, April 22—Legislation raising income ceilings for veterans getting school, farm and job training with government help today awaited President Truman's signature.

A tieup of several weeks in congress ended yesterday when the house agreed to senate amendments. The pay changes are retroactive to April 1.

The final bill was a victory for Chairman Edith Nourse Rogers (R-Mass) of the house veterans affairs committee. She succeeded in making veterans enrolled for institutional farm training eligible for the same subsistence allowances provided those in college.

The new ceilings for income from the government and other sources would be: $210 a month for veterans without dependants, $270 for those with one dependent, and $290 for those with two or more dependents.

Present ceilings are $175 a month for veterans without dependents, and $200 for those with dependents.

Veterans taking on-the-job training can qualify for these government subsistence allowances: without dependents, $65 a month; with dependents, $90.

The bill grants higher allowances for veterans in institutional farm training courses, and those going to school and working full or part time. The allowances are: $75 a month for men without dependents, $105 for those with one dependent, and $120 for those with two or more dependents.

GAS SUPPLY IN OHIO PUT UP TO U.S. BOARD

By The United Press

WASHINGTON, April 22—The Ohio Fuel Gas company says the responsibility for the "life, health and welfare" of northern Ohio rests in the "lap of the Federal Power commission."

Freeman T. Eagleson, counsel for Ohio Fuel Wednesday said his company must have more gas from the Panhandle Eastern Pipeline company for summer storage if it is to serve households next winter.

Eagleson said he spoke for "the cookstoves in Ohio that all but went out last year."

The commission is holding hearing on Panhandle's ability to supply its customers in the midwest.

Eagleson said the 1,000,000 people in northern Ohio can be supplied only with Panhandle gas. He indicated his company would be willing to replace some Panhandle gas in its southern Ohio system with excess gas from the Texas Eastern Transmissions corporation only if that would assure northern Ohio more Panhandle gas for storage.

The commission last week approved an extra 10,500,000 cubic feet of gas a day for summer use on the Panhandle system. The extra supply would have to go to one or both of Panhandle's Ohio customers in order to release the same amount of Panhandle gas for the rest of its customers.

The Ohio Fuel Gas Co. serves Marion and other central Ohio communities.

Suit Involving Lease Heard in Court Today

A request for an injunction brought by Philip E. Guthery and William K. Luse, a partnership operating under the firm name William K. Luse and Co. against Bernhard Peterson and the Baldauf Construction Co. is being heard in Marion county common pleas court today. Delaware county Common Pleas Judge Fred A. McAllister is presiding at the hearing.

Injunction is sought restraining the defendants from making alterations affecting property under lease to Guthery and Luse. Property involved borders the Laundromat, operated by the plaintiffs at 142 South Prospect, and housed in a building leased from Peterson. Guthery, Harmon and Conkle represent the plaintiff. Peterson and The Baldauf Co. are represented by Martin and Reed and W. P. Maloney.

450 Party Workers At Democratic Dinner

By The Associated Press

COLUMBUS, O., April 22 — Ohio's 1948 Jefferson-Jackson day dinner attracted 450 party workers last night, but candidates Ray T. Miller and Frazier Reams almost didn't make it.

They put in an appearance after the $25-a-plate dinner had been cleared away, the other candidates introduced and U. S. Sen. Brien McMahon of Connecticut finished with his featured speech.

Miller, former Cleveland mayor seeking the nomination for governor, and Reams, former state welfare director now a candidate for attorney general, explained they had been speaking elsewhere in the city earlier.

McMahon dealt mainly with international politics, describing the Marshall plan as a "purchase of time."

Prior to the get together, U. S. Treasurer W. A. Julian of Cincinnati, the Ohio Democratic "stand in" favorite son for the party's presidential nomination, wired endorsement of Miller's candidacy.

"Ohio needs a great governor and should elect Miller to accomplish this end," read the telegram, released by Miller's headquarters.

Former Gov. Frank J. Lausche, another gubernatorial contender, attended the banquet, but, like Miller, gave no talk. The two were introduced, nothing more.

Band Leaders Held Under Benefits Law

By The Associated Press

COLUMBUS, O., April 22—The Bureau of Unemployment Compensation's board of review rules today that band leaders are independent contractors and are subject to the Ohio unemployment law if they hire three or more persons.

The board's decision was in line with a recent U. S. Supreme Court decision that the band leader and not the place that hires the services of the band is the actual employer.

The decision was made in a benefit claim filed by an unemployed musician who had named three band leaders as his employers. The claim had been originally denied.

Roving Reports

By Hal Boyle

NEW YORK — WES GALLAGHER lives in what he calls "the world's biggest air-conditioned prison."

The prison is Berlin, Germany.

Gallagher believes that today it is the keystone of American prestige in Europe and that the Russians will exert renewed pressure to force the Western Allies out of the German capital before the October elections.

This man Gallagher, who flew here to address the annual membership meeting of The Associated Press, is a real "newspaperman's newspaperman" — the kind the oldtimers say died out long ago.

Hal Boyle

Wherever free men in the world read a free press they have seen his byline—"by Wes Gallagher." In the last eight years it has told the story of war and half-peace in 17 European countries, from the first foxholes to the latest conference table.

Here is the man behind the byline:

He is a big-shouldered, six-foot, stubble-headed, soft-hearted Irishman with the energy of a cub police reporter and the mind of a diplomat. He peers at people from a pair of black eyebrows as bushy as John L. Lewis' in full bloom. He has only two facial expressions—a glowering frown while he's digging out an exclusive news story, a Cheshire cat grin when he puts it on the wire.

A FOE of hypocrisy and stupidity—official or otherwise—Gallagher waged a steady battle of his own throughout the war against generals who tried to use censorship to cover up their blunders.

"In the next war I'm going to have you made chief censor so you'll have to do as I say," a three-star general once told him at a dinner party.

Gallagher worked him over with his eyebrows.

"I wouldn't serve under you," he said flatly. The general shut up. He was afraid one of his military guests might ask Gallagher why.

But Eisenhower, Simpson and "Tooey" Spaatz had a personal liking for Gallagher and respected his rugged judgment. When military commanders began asking his advice on whether a "hot" story was too ticklish to release, he said bluntly:

"Tell it. You don't own the news—whether it's good or bad. If you try to suppress it, it'll blow up in your face."

COVERING WORLD crises has been routine with Gallagher, but he believes the present Berlin situation may flare into war.

"The tension has died down a little," he said. "Only 50 of the 2,500 American dependents have asked to go home.

"The trouble is that the Russian leaders have told their people so often they won the war single-handed that they've come to believe in their own propaganda.

"Allied diplomats there don't believe the Russians want war now, but they're afraid the Russians don't know how to stop short of war.

"The Russians are still determined to get us out of Berlin. They probably will make another attempt after they get the harvest in. They want to have a free hand by the October elections, however, to be able to deal with the 2,000,000 Berliners who voted against communism last time.

"IF WE LET the Russians run us out of town, our prestige in Europe will collapse. No European country would be willing to put up a fight."

How long could the present American garrison in Berlin hold out if some "incident" precipitated war?

"Perhaps six hours," he said. "But they might be important hours."

Just before Wes took off on his return flight to Berlin I asked him if covering eight years of world struggle had taught him anything.

"Only that nothing is more important than human freedom," he said.

In the Service

LeRoy Robert Taylor, USN, son of Mrs. Helen Taylor of Kenton, was among the 1,000 officers and enlisted men who were welcmed in Dublin, Eire, today, as the United States Navy paid its first visit of courtesy to the shores of the Irish Free State since before World War II. He is serving aboard the light cruiser USS Fresno, which was escorted by the destroyers USS William R. Rush and USS Johnston, to the Irish capital.

Cpl. John W. Dickason, son of Mr. and Mrs. David S. Dickason of LaRue, is presently stationed at Harmon field, site of the Marianas air materiel area on the island of Guam. He is currently serving with the headquarters and base service squadron and is performing duties as clerk in the tech order library. Entering the service at Ft. Hayes, Sept. 25, 1946, he was sent to San Antonio, Tex., where he received his basic training and later was transferred to Camp Atterbury, Ind., before being ordered to Camp Kilmer N. J., for overseas assignment.

D. OF U. V. TENT MEETS

Mrs. Rozella Babbs of Richwood, district president, and Mrs. Elva Haley of Cardington were guests at a meeting of Harriet Beecher Stowe Tent No. 48, Daughters of Union Veterans, Tuesday afternoon at the YMCA. An invitation was accepted to meet with the Richwood tent for a potluck dinner and meeting on April 29. Relief estimated in the amount of $20 was reported by the group, and a report was made on a benefit project to finance the philanthropic work of the tent.

Cuts Made in N.Y.C. Passenger Train Time

By The Associated Press

CLEVELAND, April 22—Cuts of 25 and 30 minutes will be made Sunday in two Chicago-Boston and New York-Detroit passenger trains operated by the New York Central railroad, officials reported yesterday.

The Chicago-Boston "Paul Revere" train will operate on a new schedule cutting its time 30 minutes, leaving Toledo at 8 p. m., instead of the former 7:15 time, the road said. A time-saving of 25 minutes will be made in runs of the New York-Detroit "Detroiter."

The Cleveland-Detroit "Mercury" will leave Cleveland at 7 a. m., instead of 7:45. Train 124 from Cincinnati to Cleveland will leave the Queen City at 7:30 p. m., compared with the current time of 5:20. Other advances in time schedules will be placed in effect Sunday in trains leaving Cleveland.

ON OSU HONOR ROLL

Three men from this area, students at Ohio State university, Columbus, in the college of engineering, were named on the honor roll of freshmen students achieving high scholastic attainments during the winter quarter. They are Dean L. DeVore of Bucyrus, Odus R. Burggraf of Caledonia and Jack A. Collins of Plain City.

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag everytime you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

TELLS OF IMPROVED NEWS PUBLISHING

By The Associated Press

NEW YORK, April 22—The American Newspaper Publishers association was told yesterday at its annual convention that an improved system of producing papers with the photo-engraving process probably will be developed in the next few years.

C. M. Flint, ANPA research director, described in detail the method of using typed copy reproduced by photo-engraving which has been employed by Chicago newspapers during the printers' strike there.

In many ways, Flint said in a prepared speech, the process "does not offer the flexibility generally required for a good newspaper production system.

"It certainly places definite limitations on deadlines for advertising content and on news content.

"Still there are certain elements which should be explored further to try to develop them to their highest efficiency and to adapt them to newspaper production systems." * *

"I will venture to say that before many more years pass, a system will be developed which will make use of some of these new tools, or those still in the development stage, to provide for the transfer of type characters from transparent film to a printing plate which will be used directly on the press.

"Rather, the machines which will provide the basis of the system now exist either on the drawing board or in pre-production prototype models. Some of them are versatile enough to incorporate a memory system which makes the problem of correction or substitution of new material a routine matter."

SPEAKS ON SAFETY

"Safety on the Farm and Highways" was the subject of an address given by W. W. Antone, state highway patrolman of the local post, Tuesday night at the monthly meeting of the Salt Rock Grange at Morral. Thirty members attended the meeting and heard Mr. Antone discuss the elimination of accidents in rural communities.

On Youth for Christ Program

MRS. WANDA CUMINGS AND CHALK DRAWING

Mrs. Wanda Cumings of Detroit, Mich., chalk artist shown above with one of her drawings, will appear in Marion at a Youth for Christ meeting Saturday night with her husband, Ken Cumings, regional representative of Youth for Christ International. Mr. Cumings will speak at the Saturday night youth service at Emmanuel Baptist church, and Mrs. Cumings will present portrayal of "Truth for Youth" by use of colored chalk, with the drawing illuminated with colored lights. As she draws, Mr. Cumings will furnish a background of vocal numbers. For the last 10 years, Mr. Cumings has been actively engaged in various phases of youth work. He is a former member of the America Back to God quartet which was heard on a national radio network, and he spent much time conducting youth rallies and school assembly programs, has directed youth groups in Michigan and Ohio, and while acting as director of music for the Cleveland Youth for Christ rallies, he accepted the appointment as a staff member of Youth for Christ International. Dr. C. E. Hershey is director of the local Youth for Christ movement.

Rev. Harmon Speaks At Pension Meeting

Rev. Joel Harman, pastor of the First Pilgrim Holiness church, was guest speaker at a meeting of the Old Age Pension Society of Marion County Friday, April 16, in the Eagles hall. His sermon topic was "The Signs of the Times," and was taken from the 24th chapter of Matthew.

Rev. Harman said that people of this day are forgetting what God intended them to know and are paying too much attention to unimportant matters. He urged all present to prepare for His coming by doing things which are favorable in his sight.

Group singing of "America," prayer by Rev. Harman, The Lord's Prayer by the group and the salute to the flag opened the meeting. The paper, "The Flash," edited by the legislative bureau of the Townsend organization, was read by Arthur Hershner, president, the group sang "Higher Ground," and a vocal duet was given by William Sergent and Christian Ruth, with O. B. Crist at the piano. The song, "The Unclouded Day," by the group closed the meeting.

GUARD UNIT WINS INSPECTOR'S PRAISE

Co. C Lauded on Personnel and Equipment.

Major John H. Chambers, instructor of the 166th Infantry Regiment, regular Army, lauded Co. C 166th, local National Guard unit, and Capt. Robert F. Melby, its commander, on the fine condition of the company's records, equipment and personnel following a full dress training inspection of the unit at the armory Tuesday night at 7:30 p. m.

Capt. Melby has received confirmation from a high Army official in Washington "that it is reasonable to assume pending draft legislation in congress will contain exemption clauses for those members of the National Guard who are enlisted prior to the enactment of this legislation."

Vacancies now exist in Co. C for clerk-typists, Capt. Melby said. This position calls for a corporal's rating for the successful enlistee who can qualify, the captain added.

Physically fit men between the ages of 17 and 35 years may enlist in the local guard unit without previous service, while honorably discharged veterans of the armed forces, regardless of branch, may enlist under the special regulations set up for the reenlistment of veterans.

"Service in the guard has its financially profitable side as well as guaranteeing the enlistee that he will serve in case of emergency with men he knows from his own neighborhood," Capt. Melby added.

The new pay scale for drill periods for National Guardsmen, which was signed into law by President Truman March 25, offers a base pay rate per drill period starting with $2.50 for private, $2.67 for private first class, $3 for corporal, $3.33 for sergeant, $3.83 for staff sergeant, $4.50 for technical sergeant, and $5.50 for master sergeant.

Nevada High School Has Honor Chapter

Special to The Star

NEVADA, April 22—The Nevada High school received its charter as a member of the National Honor society. The faculty acting as the council met to organize the chapter.

The persons nominated and elected to the chapter are Lois Armbruster, Jean Ann Grove, Wanda Cover, Ethel Beamer, Marilyn McLaughlin and Mary Motter. Mary Motter was elected president and Marilyn McLaughlin secretary. Each member will receive a membership card and is entitled to purchase an emblem. They can retain these only as long as they meet the specified requirements.

Requirements are on scholarship, leadership, service and character. Persons can only belong to this chapter by being elected by the council. Membership is limited to the junior and senior classes. The society is highly recognized throughout the nation by leading educators.

PROMOTING CITY MANAGING

GALION, April 22—Organization of an executive board for the promotion of a council-manager form of government took place this week at a meeting of civic and service group members. Woodrow W. Crissinger, who has been active in the movement, was named chairman. Others chosen to serve are: vice president, George W. Coble; secretary-treasurer, C. Floyd King; Mrs. Harvey C. Huy, Orville Allen, Mrs. M. D. Bonsteel.

CIRCLE NO. 1 MEETS

At a meeting of Circle No. 1 of First Evangelical United Brethren church Tuesday night at the Community house, parts were distributed for a play to be given by members in the near future. Plans were made for a bake sale to be held Saturday, May 1. Members made returns on a project launched at the last meeting when quarters in the amount of $4 were given out to members, each to be multiplied to $1 by some sort of investment. The amount returned was more than $20. Mrs. Ollie Shupp and Mrs. Daisy Hoffled the opening devotions, closing prayer was by Mrs. Ina Hochstetler.

Sunflower seeds are rich which ranks close to olive texture and flavor.

MARION CO. GROUP TO ATTEND MEETING

Health Staff Going to Annual State Session.

The entire Marion county health department staff will attend the annual meeting of the Ohio Federation of Public Health Officials, to be held May 13 at the Hotel Wessler-Wallick hotel in Columbus, it was announced today by Dr. N. Sifritt, Marion county health commissioner.

The morning sessions of the annual meeting will be divided into three sessions running simultaneously for the benefit of health officers, nurses, and sanitarians, with a special speaker for each group.

Health officers will be addressed by Dr. Paul Peterson, chief of the office of direct services, state health department. He will speak on "Administrative Procedures in Communicable Disease Control."

The nurses' session will be addressed on "Activities of the Upper Miami Valley Guidance Center" by Roger Gove, director of the center.

Sanitarians will be addressed on "Food Handler's Schools" by Harold Stroud of the National Sanitation Foundation.

The afternoon will be devoted to a general session for all three categories of public health personnel.

Speakers at the general session will be Dr. Anthony J. Borowski, chief of the office of hospital facilities of the state department of health, who will speak on "The Ohio Hospital Plan;" Dr. Jerry Price, consultant of the Ohio Society for Crippled Children who will speak on "Highlights in the Care of the Epileptic Person;" and Chief Engineer F. H. Waring of the state department of health who will talk on "Status of the Ohio River Valley Water Sanitation Compact and Proposed Legislation Needed in Ohio in Its Enforcement."

News of Our Neighbors

Ashley

The last meeting of Ashley Parent-Teachers association was held at the school this week with 50 present. Mrs. Doris Graham, Mrs. Lela Borden, Bonnie Reid, Rheda Shults, Harvey Warner and Joyce Nolting were on the program. The band mothers, headed by Mrs Irene Baker, reported that they are working on reorganization. Mrs. Dorothy Boger reported on the P-TA district convention in Marion. Arline Davis played two saxette solos. With Mrs. Graham as installing officer, the following were installed as guides: Mrs. Boger, president; Mrs. Verrelle Reid, vice president; Mrs Madeline Lee, vice president; Miss Anita Cline, secretary; Mrs. Helen Kohler, treasurer.

Mrs. Litta Robertson, former Ashley teacher, talked on the health program in the state and how to make it become a functional one. Miss Abigail Semans of the Delaware Red Cross chapter spoke on water safety for children this summer and asks that parents notify the Red Cross about places where their children swim, so that guards can be sent there. She stated that the Red Cross is badly in need of adult leaders and would be glad to have anyone take the courses offered to promote this work.

At a previous meeting of the group Paul Barrett of the Delaware county probate court spoke. His theme was "The Procedure and Workings of the Probate Court on Juvenile Delinquency."

The Ashley postal department is now accepting bids for mail messenger service between the postoffice and the New York Central depot.

The annual breakfast of the Ashley Women's Society for Christian Service has been postponed until June. At the May meeting the June program and hostesses will be used, and April, May and June birthdays celebrated.

Crestline

Roll call was responded to with items about candidates for president of the United States when the Current Events club met this week in the home of Mrs. C. E. Cook. The program consisted of the club members telling how they'd spend $100 modernizing Crestline. Mrs. J. F. McMahon acted as moderator and Mrs. F. J. Gosser as treasurer. Were the club to have carried out its plans one living in Crestline would see a big change in the way the Current Events club spent the money, participants say.

A highlight in the regime of a worthy matron, annual inspection was observed by Naomi chapter, Order of the Eastern Star Tuesday.

The event was memorable. There were 200 present. The inspecting officer, Florence Kindinger of Crestline, deputy grand matron, was honor guest at a dinner in Hotel Talbott. Those present were officers of the local chapter, headed by the worthy matron, Mrs. M. G. Thompson, Mrs. Kindinger and her husband, Paul Kindinger of Crestline; and the president of District No. 10, O. E. S., Mrs. Ora Dawson of Plymouth, and her husband. Covers were laid for 26. Mrs. Thompson was presented with an orchid. Mrs. Charles K. Cunningham II, associate matron of the chapter presented gifts both to Mrs. Kindinger and Mrs. Thompson. Attractive inspection programs had a paper cover in the shape of a tulip. The tulip and Holland theme was also used in the dining room. Decorations were planned by Mrs. Clinton Kehrer; kitchen and dining room work was shared by Mrs. Ray Debolt and Mrs. Harold Zimmerman.

The Sunshine fund was presented to the Eastern Star home.

LAWMAKERS ON JOB BETWEEN SESSIONS

Keep Busy on State Work Including Scioto Plant.

By The Associated Press

COLUMBUS, O., April 22—The chairman of the Ohio post-war program commission today gave state legislators a pat on the back for working between sessions without extra pay.

State Senator Roscoe R. Walcutt (R-Columbus) said nearly half the members of the 97th general assembly were working on committees of the commission. These committees have taken on research and study jobs for the state.

"People who work on these committees, legislators and private citizens alike, are doing a great service for the state of Ohio," Walcutt said. "They are giving their time and their best judgment, uncolored by political pressure, during the time when the general assembly is not in session. There is no doubt in my mind that their recommendations lead to better-balanced legislation."

Walcutt said 74 members of the general assembly had committee assignments with the commission. He added 193 other men and women "from many walks of life" also are serving the state on research committees.

The commission originally was created to map a post-war program for Ohio. It was renewed to make recommendations to the governor and to the general assembly on proposed legislation.

Senator Walcutt said the commission did the preliminary work in obtaining Cambridge General hospital from the Army. He said it also made the study which resulted in obtaining part of the Scioto Ordnance plant at Marion at a nominal cost from the government as an annex to the boys industrial school.

The commisison now has 13 committees at work.

State Park Sites In Lake, Lorain Counties

By The Associated Press

COLUMBUS, O., April 22 — Ohio soon will have sites for two more state parks along Lake Erie.

The state board of control yesterday released $208,500 to Public Works Director George B. Sowers for the purchase of park sites in Lake and Lorain counties.

The money includes $105,000 for two parcels comprising 253 acres in the Mentor headlands of Lake county and $103,500 to 50 acres in Lorain county. The legislature had appropriated $240,000 for the purchase of park sites east and west of Cleveland.

In other action, the board approved the purchase of Thomas Worthington home furnishings at Adena, near Chillicothe, for $5,000. Worthington was Ohio's sixth governor. The home was purchased last year by the Ohio Archaeological and Historical society.

Class Play To Be Given At Martel Friday Night

"Just Ducky," a three-act play to be presented by the junior and senior classes of Tully township, Martel, High school Friday night, will be staged at the high school auditorium at 8 o'clock. The two classes will be assisted in the presentation by the sophomore class. The play is under direction of Mrs. Nellie Thomas. Setting is the living room of a modern home, and the plot centers around the "sad plight" of two teen age daughters whose activities produce a series of humorous complications for the family. Taking part are the following seniors and juniors, Daniel L. Downs and James W. Jamison; and Lois Pangborn, Richard Baldinger, Dale Rinehart and Isabel Rinehart. Sophomores in the cast are Patricia Reed, Donna Vollrath, Robert Sharrock, Romalene Sharrock, Charles Manring and Gladys Valentine. Musical numbers between the acts, in charge of Mrs. Melvin Bernow, will include trumpet solos by Ronald Reed and numbers by the Girls' sextet and Girls' ensemble. Miss Mary Kathryn Stone will assist with makeup and prompting.

SINGLETON USED CAR CASE ENDING SEEN

By The Associated Press

CLEVELAND, April 22—A jury was expected to receive the case today of Jack Singleton, used car dealer accused of taking nearly a million dollars for automobiles he never delivered.

He is charged on 14 counts of larceny by trick. Conviction would carry a sentence of one to seven years on each count.

Attorneys for the defendant stunned the courtroom yesterday when they rested their case without calling a single witness to counteract two weeks of state testimony.

In his plea to the jury, assistant county Prosecutor Saul S. Danaceau hammered repeatedly at Singleton for not taking the stand.

"He has not tried to explain," Danaceau declared. "He has heard these accusations—and not one word in explanation."

Final arguments by county Prosecutor Frank T. Cullitan and the defense counsel, Stephen M. Young, were scheduled for this morning.

Revival Service Here To Continue 10 Days

Revival services in progress at the Church of God at 581 Bellefontaine avenue will continue the next 10 days, with Mrs. Alma Kustel of Mansfield as the evangelist, it was announced. A special feature of the service tonight will be a talk by Rev. Edward Kustel, husband of the evangelist, guest speaker, on his travels in the Gilbert Islands. Increased interest is being shown in the services which opened Sunday night, it was stated. Mrs. Kustel has held meetings at various times in every state. A feature of her work is chalk drawing, and she will draw at one service a picture under colored lights, which will be presented to the person bringing most new pupils to the Sunday school, according to Rev. Nelson Reed, pastor.

BOEING STRIKE DELAYS PLANES

Work Halted on New Jet Craft for United States Air Force.

By International News Service

SEATTLE, April 22—Production of hundreds of airplanes was halted today by a strike of 14,000 workers at the sprawling Boeing Aircraft factory in Seattle.

Most of the planes under construction were for the air force.

The walkout, called to enforce demands for a 30-cent hourly pay increase, followed closely the plea of Defense Secretary Forrestal for prompt creation of a 66-group U. S. air force.

Picket lines were established at the huge Seattle Boeing plants and swing shift workers left their posts to join the pickets at 12:30 a. m. PST, the time set for the strike.

Some Turned Away

A few "graveyard" shift workers, who had reported for work in the hope a last-minute settlement had been effected, were turned back by the pickets.

Boeing officials said the strike would halt work on 201 high priority air force planes and might seriously set back rush orders for jet bombers and guided missiles.

The company's first jet-bomber XB-47 is presently undergoing final flight tests by the army at Moses Lake air force base in central Washington.

Federal Conciliators Harry H. Lewis and Albin L. Peterson, under orders from National Conciliation Director Cyrus S. Ching in Washington, D. C., entered the dispute yesterday.

The conciliators were closeted with union and company representatives to within a few minutes of the strike deadline.

Meeting Breaks Up

The meeting broke up shortly after midnight when Union President Harold J. Gibson left to join the picket lines in front of the plants.

The union stood fast today on its ultimatum demanding a 30-cent hourly across-the-board wage increase, eight paid holidays, seniority privileges, no compulsory overtime and back pay retroactive to March 16.

Boeing President William M. Allen said today the company rejected the ultimatum and failed to reach an agreement during last night's conciliation meetings "because the company can not remain in business and pay wages that far above the rest of the industry."

The company, in a report to its stockholders released April 16, announced a loss of $448,499 for 1947.

Allen said the company had offered a 15-cent hourly across-the-board wage boost, which he said was refused by the union. Wages currently range from $1 to $1.80 an hour.

New York Stock Quotations

By The Associated Press

NEW YORK, April 22—The stock market rushed ahead to new highs for the year or longer today.

Stocks representing almost every type of business advances fractions to an extreme of two points.

Spearheading the movement were such leaders as International Harvester, U. S. Rubber, Republic Steel, Santa Fe, General Electric, American Woolen, Dow Chemical, Kennecott Copper, Cerro De Pasco, J. I. Case, Boeing, and American Smelting.

The market had more than enough news to put it in a buying mood.

A back-to-work movement among the soft coal miners gained momentum hourly.

From where I sit ... by Joe Marsh

Homer Does Some "Back-Seat Sewing!"

Homer Bentley's missus was working on her new sewing machine, when Homer comes in, draws up a chair, and starts talking: "Don't you think you're running too fast?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says goodnaturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel over a friendly glass of beer. The missus agrees to give up back-seat driving and nagging Homer about ashes on the rug. Homer agrees to quit criticizing Sarah's taste for flowery hats and parsley salad.

From where I sit, the key to getting on together is meeting every issue half way—and overlooking any petty differences in tastes—whether these tastes apply to beer or flowery-looking hats!

Cardington Chapter Of F.F.A. Holds Meeting

The monthly meeting of the Cardington F. F. A. chapter was held Tuesday at 8:00 p. m. in the vocational agriculture room of the Cardington High school.

Louis Levering, treasurer, reported the chapter had receipts for the current year of approximately $1,400 with disbursements amounting to $975, leaving a balance of $400.

Wayne Mateer and Dewey Yake reported the chapter received a gold medal at the district parlimentary procedure contest, and the only team with straight A ratings.

Thomas B. Morgan, state highway patrolman, from the Marion substation spoke on "Safety." He discussed many of the problems that face high school students in operating motor vehicles, motor scooters, bicycles, and tractor equipment on the highway. He cited accidents in this area that could be avoided if safety measures were practiced.

The chapter planned to attend Camp Muskingham at Leesville, O., during the week of August 1-8 as a summer recreational project.

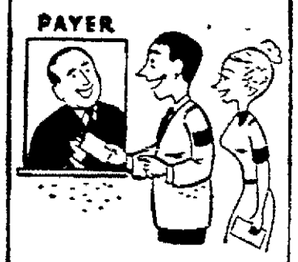
76 Million Dollars to Spend



Last year Kroger employees were paid $76,700,000 in wages and salaries. Kroger's largest business cost, except for merchandise, is meeting the payroll—more than 1½ million dollars a week. This money was spent in the 1,500 communities where Kroger men and women live and work, making business better for everybody.

A list of petit jurors was also selected.

Music Festival Set At Grand Prairie

The program for the regular meeting of the P.-T. A. of the Grand Prairie school will be a music festival under the direction of Miss Ruth Dreyer, instructor of music in the school. The meeting will begin at 8 p. m., Friday. Mrs. Callie Myers is president of the group.

The devotional period will be conducted by a Junior High Girls' Quintet composed of Clara Williams, Jean Barkley, Arettia Pemberton, Ruth Barnard, and Donna Kelly, and the combined Rhythm and Tonette bands, directed by Jean Lyon and accompanied by Shirley Neff, will open the program. Vocal numbers will be presented by a fifth and sixth grade chorus, Girls' Glee club and Mixed chorus accompanied by Dickie Kerr. The 30-piece school band will close the program. Soloists will be Margaret Hinamon, Dickie Kerr, Max Fremont and Wallace Linn.

College Gospel Team On County Programs

Three churches of Marion county will have special services Saturday and Sunday conducted by a Gospel team composed of six students of Taylor university at Upland, Ind.

Saturday at 8 p. m., the group will be at the Kirkpatrick Methodist church. The Sunday schedule includes services at Claridon Methodist church at 10 a. m., Kirkpatrick church at 11, Martel Methodist church, 2:30 p. m., and Kirkpatrick church at 7:30. The annual local conference of the Kirkpatrick-Claridon Methodist charge will be Sunday at 2:30 p. m. at the Kirkpatrick church. Rev. Arthur M. Bosler, pastor, announced.

GIVE TO CANCER DRIVE

A contribution of $5 was made to the Marion County cancer fund campaign at a meeting of the Friendship circle, King's Daughters, Tuesday night at the home of Mrs. LaVon Stanley of Clinton street. Plans were made for a rummage sale in the near future and also to aid a less fortunate family. Mrs. Imo Little, president, named the following to serve as a nominating committee for the election of officers: Mrs. Eugene Luke, Mrs. Stanley and Mrs. Mildred Rayner. Mrs. Lonna Sanderson was in charge of the Bible study and announced that the study topic for the next meeting will be "The Tabernacle." Mrs. Rayner received the guessing box award.

Some Facts About the New Drug Streptomycin

Since polls of public opinion are fashionable these days, I recently conducted one of my own.

I asked ten of my non-doctor friends what they knew about the powerful new drug streptomycin. Their vague and confused ideas amazed me. The many inquiries on the same subject I have had from readers show that they, too, are pretty much at sea as to what can really be expected of this important discovery. So here are some of the facts about streptomycin which should be of interest to everyone.

Like penicillin, streptomycin is developed from a mold. Again, like penicillin, it does not actually kill germs. It simply keeps them from multiplying and thus gives the body's germ-fighting forces a chance to clean them up. It is similar to penicillin, also, in that it is not effective against all germs, but it has the great advantage of working against germs which penicillin will not touch.

It has given us our first weapon against the once-fatal rabbit fever or tularemia. Here, it seems most valuable if used together with the sulfonamide drugs.

It also seems quite definite that streptomycin is helpful in the treatment of certain cases of tuberculosis. It has been estimated that it may help in about one case out of four, but it cannot be relied upon to wipe out tuberculosis.

Streptomycin has been found effective, also, in certain influenza infections, not those caused by the influenza virus but by the bacillus known as the influenza bacillus. It is quite useful, too, in infections of the kidney and bladder.

Certain types of pneumonia, abscesses of the liver, and infections of the heart valves and lungs, which are not overcome by penicillin, may be checked and cured with the streptomycin treatment.

Streptomycin is not helpful in typhoid fever. It has also been tried in malaria but found to be of no value.

Before using such drugs as streptomycin and penicillin, the physician must always make a careful examination to determine just what type of infection is present. Then he can decide which one of these drugs will be most useful and can prescribe it in the proper dosage.

With continued investigation, it is possible that new uses for streptomycin may be found.

Questions and Answers

M. R.: What can be done for angina pectoris? How long can a person live with this disorder?

A.: Anyone with this condition should be under the careful observation of a physician. The individual should remain calm. Walking upstairs rapidly and over-exertion should be avoided. An easily digested diet, containing moderate amounts of green vegetables and fruits, meat occasionally, and some starchy foods, should be used. Over-eating should be avoided.

There are certain drugs which also give relief in angina pectoris. Among these is amyl-nitrite which is in the form of ampules that are crushed in a handkerchief and the fumes inhaled. Glyceryl trinitrate is also used. The application of heat over the heart or chest may be helpful. In some severe cases, various types of surgery of the chest have been suggested. With the proper care, a person with this condition may live for many years.

MARION CUBS WIN EXHIBITION OPENER FROM NEWARK, 9-5

4 Yankee Pitchers Issue 14 Walks Scoring 4 Cub Runs

By BILL DIEM

The Marion Cubs won their initial exhibition game of the season last night, taking advantage of 14 bases on balls issued by four Newark pitchers to outscore the Yankees, 9 to 5, before 626 chilled fans at Lincoln park.

The Yanks out-hit the Cubs, 10 to 7, and made fewer errors, 5 to 7, but lack of control by Yankee pitchers spelled victory for the Cubs, four of whom came home on walks.

Only two extra base hits were scored in the game, a double by Cub shortstop Vito Tutera leading off in the fifth, and a double by Yankee catcher Hank Andersen with none on in the ninth.

Three of the Newark tallies and six of the Cub runs were earned.

DeLuca Is Cubs Hero

Cub pitcher Frank DeLuca rapped out two singles in three trips to the plate for the best show at bat and allowed no earned runs in his three inning stint for the best pitching performance of the evening. Frank was with the Cubs in 1945 and had nearly pitched his way to Triple-A ball before a slide broke his leg early last season. He pitches right and bats left.

The Yankees scored on two singles off Cub starting pitcher, lefty Si Pavkov, and an error, in the first inning, but the Cubs came back in their half with two runs.

Cub leadoff batter, fleet outfielder Gerald Peters reached second on an error, moved to third on an infield putout and stole home for the first tally. Cub Manager Zeke Bekeza walked, moved to third on an error and was singled home by third baseman Lou Castrovince.

Tie Score In Second

The Yanks tied up the score in the second when Charles Striffler singled, pitcher Ed Bobouski sacrificed, and shortstop Frank Santora singled home the run. They scored another in the fourth on a single and an error.

It was in the fourth that Yankee pitcher Bobouski got into trouble. He walked two, struck out one, and filled the bases with another walk before being relieved by Roy Addis, who walked the first man he faced, scoring Vito Tutera. Two more runs scored when Bekeza hit a long fly to the scoreboard which was dropped by Yankee centerfielder George Schillins. A fourth run came home when left fielder Bill Bolduc singled.

In the fifth, Addis got the Yanks into trouble again when Tutero doubled, catcher Tom Gatts walked and DeLuca singled, filling the bases. Addis walked Peters and second baseman George Hanson to score two runs. He was relieved after striking out the next two men by Al Brown, who sent in a fly-out pitch to retire the side.

The Yankees scored one run each in the fifth and eighth innings, and the Cubs made one more in the seventh on a pair of errors.

Cub pitcher Si Pavkov struck out four, walked one, and allowed five hits. DeLuca struck out three, walked two, allowed one hit. Lefty John Graney, who won four and lost four with the Cubs last year, struck out three, walked one, and allowed four hits.

The Cubs will play the Lima Terriers at Lincoln Park tomorrow night at 8, and will play two away games over the weekend, at Lima Saturday and at Newark Sunday afternoon. The season opens here Tuesday night with Muncie.

Cards Defeat Redlegs, 5-2

By The Associated Press

ST. LOUIS, April 22—The Cincinnati Reds came within two men of equalling an all-time National league record yesterday, but they're not bragging about it.

Johnny Vander Meer walked 12 batsmen as the Reds bowed to the St. Louis Cardinals, 5-2, and that's just two short of the mark set in 1906 by Henry Mathewson, brother of the Giants' immortal Christy.

Vandy also uncorked a wild pitch which paved the way for two St Louis markers in the sixth and sent the Cardinals on their way to a second victory over the Reds in as many days.

Ken Raffensberger was Manager Johnny Neun's overnight choice to face the Cardinals and lefty Howle Pollet in today's finale of a three game series.

Red Munger toyed with the Rhinelanders, allowing them five hits while his mates were collecting seven.

The Reds put together two of their safeties, along with a pair of ground outs, to score one run in the fourth.

Holding a 1-0 lead, Vander Meer walked Whitey Kurowski to open the sixth and then threw Enos Slaughter's bunt into the right field bull pen, permitting Kurowski to score. Slaughter went around to third on the miscue and came home on a single by Nippy Jones.

Cincinnati evened the count in the seventh on Ray Mueller's single, a double by Bobby Adams and a fly out. But the Cards went ahead, 3-2, in their half on three walks, one intentional, and a slow roller which Adams failed to field cleanly.

The Red Birds settled the issue in the eighth with two more markers, which drove Vandy from the mound.

Boxer's Condition Bad After Ring Collapse

By The Associated Press

MILWAUKEE, April 22 — Jackie Darthard, 19-year-old middleweight boxer who collapsed in the ring last night after a severe beating from Bert Lytell, was in critical condition in Milwaukee county emergency hospital today.

A physician at the hospital who asked anonymity said after the Kansas City boxer underwent a brain operation "if he lives until mid-morning, his chances are good."

Darthard had been brought to the hospital unconscious after he was carried from the ring in a stretcher when he fell from his stool at the end of six rounds of his scheduled 10-round main event bout with Lytell.

The Fresno, Calif. middleweight, rated third in his division by the National Boxing association, had administered a sound beating to Darthard in the third and sixth rounds and held a wide margin. It was their second bout —they boxed to a draw decision two months ago.

Meanwhile, police stepped into the investigation and principals in the bout were seized for questioning. Two men identified by police as Darthard's managers were reported to have been carrying concealed weapons. Lytell, who is 23, and his manager, Sam Aaronson, of Brooklyn, also were questioned by police.

Richwood, Kenton Get Racing Dates

By The Associated Press

COLUMBUS, O., April 22 — Harness meetings at four county fairs were approved by the State Racing commission yesterday.

Richwood received sanction for an Aug. 11-13 meeting; Wauseon, Sept. 6-10; Van Wert, Sept. 6-10, and Kenton, Sept. 20-Oct. 1.

Dr. C. H. Salter of Hamilton was appointed veterinarian at River Downs, Dr. Walter W. Hyde of Wellington at Cranwood. The commission also clarified its rule barring children under 16 years from race tracks so it would not be applicable at state fair, county fair and independent harness meetings.

Kansas City Is On Move in AA

By The United Press

Defending champion Kansas City was threatening today to pound its way to the top of the American Association as the Blues took a slugfest in one of the two games played last night.

Kansas City beat the Hens of Toledo, 8 to 7, while the Colonels were defeating Milwaukee at Louisville, 5 to 2. The Minneapolis at Columbus and St. Paul at Indianapolis games were postponed because of cold weather.

A parade of seven pitchers saw mound duty in the batting spree at Toledo. The Blues blasted 15 hits, continuing the power show in earlier games and getting five runs in the fifth inning to give them their one-run edge in the score. The Hens came back in their half of the inning for two markers but rookie pitcher Jim Arnold shut off the rally one run short. Outfielder Hank Bauer led Kansas City's big assault in the fifth with a home run.

Louisville came from behind in backing the six-hit pitching of Pete Modica. Modica, who hurled 13 victories for New Orleans last year, held the Brewers safe after yielding two runs in the second inning. Trailing 2-1, the Colonels scored once in the fifth and sixth innings and twice in the eighth to salt away the victory.

It's a New Year for Dyer's Cards

Last Year They Were in Slump; But Picture Is Different Now

By The Associated Press

This is definitely a new year for Eddie Dyer and his St. Louis Cardinals.

Just a year ago today, Dyer's Redbirds were in the midst of one of their worst early season slumps. A heavy favorite to retain the championship they won in 1946, the Cardinals got off on the wrong foot and dropped nine straight games. As it turned out, the Cards lost the flag then and there.

But the picture is much brighter this year—thanks to some splendid pitching by Murry Dickson and George Munger.

Dickson gave up 10 hits in Tuesday's opener, but wound up with a 4-0 shutout. Munger allowed only five yesterday and registered a 5-2 victory over the same Cincinnati Reds. The two triumphs shoved the Cards into a first place tie with the Philadelphia Phils.

Phillies Win

Ben Chapman's Phillies made it two in a row over the Boston Braves, taking yesterday's game 4-3 in 13 innings. A pair of walks, a sacrifice, a wild throw and Granville Hamner's long fly produced the winning tally.

Bill Voiselle was yanked for a pinch hitter after seven innings. Ernie White, a refugee from the coaching box, allowed only two hits in 5 2/3 innings of relief, but was charged with the defeat.

At the polo grounds the Giants flattened the Dodgers, 9-5 in one of the weirdest games in years. A crowd of 22,388 watched in amazement as five Brooklyn hurlers issued 13 free passes and gave up 11 hits, including two home runs.

Ralph Branca, Willard Ramsdell, Preacher Roe, John Hall and John Banta all tried their hands for the Dodgers.

The Giants' pitching wasn't much better. Sheldon Jones and Ken Trinkle also allowed 11 hits between them, including three home runs, but walked only four men.

Uses 24 Players

Manager Leo Durocher used 24 players to set a record for most players in a nine-inning game. The Dodgers had the old one of 23 back in 1937.

Four Brooklyn second basemen —Jackie Robinson, Ed Miksis, Bob Ramazzotti and Gene Mauch —saw action. Robinson retired after five innings because of a bone bruise on his left hand.

The homers were supplied by John Mize and Sid Gordon of the Giants, and Arky Vaughan, two, and Carl Furillo of the Dodgers.

Bases on balls by Forrest Main forced in two Chicago runs in the ninth to help the Cubs defeat the Pirates in Pittsburgh, 6-3. Bill Nicholson and Andy Pafko hit home runs for the Cubs. Main had relieved Ernie Bonham in the ninth. Hank Borowy was the winning pitcher.

Bad pitching continued to plague the Yankees. The Washington Senators pounced upon Vic Raschi for five runs in the third inning and whipped the world champions' 6-3, in the Capital City. Gil Coan's three-run homer proved the decisive blow. Southpaw Mickey Haefner spaced nine hits for his first win.

Detroit Wins 2nd

Detroit made it two in a row over the White Sox in Chicago, winning 4-3, tying the Philadelphia Athletics for first place in the American league.

Stubby Overmire, who relieved starter Dizzy Trout in the seventh, pitched air-tight relief ball to receive credit for the Detroit victory. Earl Harrist, who replaced starter Orval Grove in the eighth, was charged with the defeat.

The Athletics and Red Sox were rained out in Boston. Cleveland and the St. Louis Browns were not scheduled.

X-Rays Show Feller's $80,000 Finger Is OK

By The Associated Press

CLEVELAND, April 22—X-rays of Bob Feller's injured index finger on his right hand disclosed only a contusion and the Cleveland Indians' fireballer will be able to take his turn on the mound against the Detroit Tigers in the Motor City Saturday.

Feller was hit on his $80,000 finger by a pitched ball while attempting to bunt in the opener against the St. Louis Browns Tuesday.

The Indians will stage a light workout in the stadium today and then will depart for Detroit.

First baseman Eddie Robinson took whirlpool treatments on his injured ankle yesterday. He felt a slight soreness after the Tuesday game, but will be ready tomorrow when Bob Lemon hurls in the Tigers' home opener.

WIN BASKETBALL TITLE

By The Associated Press

BALTIMORE, April 22 — The Baltimore Bullets defeated the Philadelphia Warriors 88 to 73 last night, and captured the Basketball Association of America championship. The Bullets hit the bullseye in four games out of six, to end the seven-game playoff series prematurely. The Baltimoreans thus captured the title in their first year of competition.

Boxing Fans See Everything But Double KO at Armory

Columbus Fighters Win Four Matches At 10-Bout Amateur Boxing Show

By BILL MURPHY

Boxing fans who watched the fights at the Armory last night saw everything that can happen in the ring except a double knockout, including four ko's, one tko, six decisions, and fighters leaving the ring—both in pairs and by singles.

Pugs from the Columbus stable of fighters had the best of it, registering four wins out of six bouts entered. Marion's Verlin Waite, 182, won by a ko in the only heavyweight scrap, knocking Sidney Small, 185, of Delaware out in 1:35 of the second round and he was literally out. He hovered on the ropes for a moment, and then took a headlong dive out of the ring and onto the floor.

Neidig Stages Good Fight

Joe Neidig, 135, of Byhalia and Virgil Wharton, 135, of Columbus staged a good fight with Neidig carrying the fight to Wharton and taking a decision over the three round route, and also carrying him out of the ring. Both boys skittered half-way across the deck, through the ropes, and onto the deck. Neidig was first back in the fight circle and Wharton trailed after the bell. Wharton's main asset was his indomitable courage; he took a good lacing.

Jack Seckinger, 144, fought Tony Johnson of Columbus, 150, in the best bout on the card, losing to the colored boy by a decision. Johnson just seemed to have too much ring knowledge for young Seckinger, although he didn't have an easy time and took his share of lefts to set in his own power-laden punches.

Gene James, 118, of Marion took the hardest blow of the evening in losing by a tko to Al Saul, same weight, after 40 seconds of the second round. Losing his wits for a minute he ran into a terrific right thrown by the Columbusite which as much as said, brother this is as far as you go. And it was. He got to his feet, staggering across the ring, but referee Hodges stopped the fight.

Strahm Scores Ko

Lawrence Strahm, 126, of Carey smashed a hard left to the stomach of Don Blair and crossed with a right to the chin in 1:45 of the first heat to end the Columbus boy's debut early in the running. Ernie Arcuri, 157, of Marion went the way of all good boxers hit by a straight left to the chin in the night's final, as Charlie Leftwich of Columbus looked out from under an inch of scar tissue above his eyes to take his measure in 1:55 of the second.

Other results: Richard Stout, 135, of Delaware ko'd by Mark Winkle, 132, of Byhalia; Homer Humphreys, 118, of Columbus decisioned Howard Carney, 124, of Mansfield; Gene Ayers, 123, of Mansfield decisioned Johnny Chambers, 125, of Marion; Sal Madrino, 169 of Galion decisioned Ward Watkins, 173, of Delaware; and Russell Gorrell, 53, decisioned Billy Hunt, 53, both of Marion in a rubber bout in their third meeting.

Referees were Jimmy Jones of Columbus, Howard Hodges and Jimmy Williams of Marion; judges Randy Matthews of Marion, Coonie Miller of Mansfield and Danny Wilson of Delaware.

Kerr Anxious To Return to Giants

By The Associated Press

NEW YORK, April 22—Shortstop Buddy Kerr, under indefinite suspension, says he is anxious to return to the New York Giants' lineup but insists he won't do so until "I know I'm all right."

The infielder was suspended by Manager Mel Ott yesterday because, according to Ott, "he refused to play."

But Kerr said, "I went out to the Polo Grounds and told Mel that I wasn't feeling well and that the doctor advised me to take it easy for a couple of days."

Kerr said he had visited a clinic earlier and had been advised that it was all right for him to work out but he shouldn't play for a while lest he aggravate an injury sustained when he was beaned in an exhibition game with Cleveland at Topeka, Kas., April 14.

Baseball Glossary

By Harry A. McCrea

WITH the baseball season at hand, it is just and meet that a glossary of the game's terms be published. (I don't know exactly what "just and meet" means but it sounds impressive.)

* * *

Walk: What you do for about 20 minutes to reach the stadium after leaving your car in the custody of a group of insolent banditti who are wedging vehicles into a vacant lot with a shoehorn.

Scorers: The two characters who sit behind you, keeping boxscores and continually arguing over who gets credit for what.

Squeeze play: Occurs when a sudden shower sends the bleacherites scurrying for shelter.

Homer: Also known as a four-sacker, a circuit swat, a four-ply smash; Homer also is the guy who smote his bloomin' lyre.

Run: What the kids do when a foul ball goes over the stands; also what your wife gets in a stocking because of a rough edge on a seat.

Clean-up man: The fellow who comes by with a nail on the end of a stick after the crowd has departed.

Blue-clad arbiters: What sport writers shouldn't call umpires when they are filing stories by wire at so much per word.

Polo Grounds: A place where baseball is played; so far as is known there is no Baseball Grounds where polo is played.

Pale Hose: What headline writers sometimes call the Chicago White Sox who ought to be good and sore about it.

Dusty: A nickname automatically applied to any player who chews tobacco and specializes in head-first slides.

Pilfered hassock: When somebody steals your seat cushion, why that's a pilfered hassock.

There goes your old ball game: For each 100 spectators, there should be one person to say this whenever a home run is hit.

Gusset: What a radio announcer pops whenever the infield makes a double-play, also known as a two-ply killing.

Marionite Enters Cocker in Dog Show

Fine Frock The Great Town Talk, a cocker spaniel owned by Mrs. George W. Myers of the Marion-Delaware pike is one of the 53 cockers and 600 dogs that will be shown Sunday in the fifth annual dog show sponsored by the Central Ohio Dog Fanciers club at the state fairgrounds coliseum in Columbus.

The male dog, who will be two years old in June, has been shown but once before, winning second prize in a puppy show.

He will be Mrs. Myers' first entrant in a big dog show. The dog's father, Ch. Stockdale Town Talk, was undefeated in 47 dog shows, and Mrs. Myers expects a lot of his son.

He will be handled by Mr. Myers. The Myers have a kennel of 60 cockers on their farm south of Marion.

GEORGIE ABRAMS HANGS UP GLOVES

By The Associated Press

CHICAGO, April 22 — Georgie Abrams, once ranked among the nations top flight middleweights, today hung up his boxing gloves.

The decision of the 29 year old Washington, D. C., boxer to retire, was announced by his manager, Chris Dundee, after Abrams suffered a tenth round technical knockout in the return of major boxing to Chicago rings last night, following the tragic death of Sam Baroudi, Akron, O., light heavyweight Feb. 20.

Abrams' conquerer was the rough, tough Estonian, Anton Raadik.

Toledo Trotter Wins Santa Anita Feature

By The Associated Press

ARCADIA, Calif., April 22 — Onolee Hanover, owned by Saunders Mills, Toledo, O., and driven by Ralph Baldwin, won the feature harness event at Santa Anita yesterday, a $2,500 mile and one-sixteenth trot, to give her backers a lusty payoff of $18, $8.70 and $5. The time was 2:12 2/5. Seaforth Lad was second and Dutch Harbor third.

Snappiest race of the day was in the $1,000 sixth, a one mile pace, in which Castleton Farm's War Master, driven by Joe O'Brien, nipped Rudagar by a head at the wire. War Master eased along in fifth place until the stretch turn when he went to the outside and captured Rudagar which had taken the lead in the back stretch.

* * *

BUDDY PATCHEN ALSO RAN

Dr. J. G. McNamara's pacer, Buddy Patchen, was an also ran in the sixth race at Santa Anita which was won by War Master in 2:03 4/5.

OHIO STATE BLANKS WESLEYAN, 6 TO 0

By The United Press

DELAWARE, O., April 22 — Southpaw Dick Hess today was credited with a 6-0 victory over Ohio Wesleyan as Ohio State scored single runs in six different innings here yesterday.

Alex Verdova, who got three hits in four times up, sparked Ohio State to its seventh win in 11 starts this season. It was Ohio Wesleyan's seventh straight loss.

The losing pitcher was John Smerritt.

Edgar Jones Turns To Giants for Job

By The United Press

CLEVELAND, April 22—Edgar (Special Delivery) Jones of Cleveland Brown football fame turned his baseball hopes to the New York Giants today after the Cleveland Indians turned him down.

Jones, who had a tryout with the Indians this spring, was told by Cleveland President Bill Veeck yesterday that the Tribe would have to farm him out if he were signed at all.

The 29-year-old former Pitt football star, who believes he is too old to start at the bottom in minor league ball, said he would go to the Giants in the hope he can convince Mel Ott he can make the grade as a pitcher.

The Indians were idle for the second straight day today after their convincing 4-0 opening day win over the St. Louis Browns here Tuesday.

LOCKE WINS CAROLINAS OPEN BY ONE STROKE

By The Associated Press

SOUTHERN PINES, N. C., April 22—Bobby Locke of Johannesburg, South Africa, held title today to the Carolinas open golf championship, repeating where he started in this country last year. The ruddy-cheeked Afrikander nosed out Johnny Palmer of Badin, N. C., by a single stroke in the 36-hole finals, posting a 71-69 for a 271 total over the 72-hole route.

Locke pulled down $350 first place money for his 64-67-71-69 tour over the 6,661-yard Mid-Pines course.

CANDIDATE MAY SUCCEED RESIGNED UNION CO. CLERK

Special to The Star

MARYSVILLE April 22—Harold Cameron, Union county clerk of courts for the last two terms since 1941, has tendered his resignation to the Union county commissioners and has accepted a position with the state board of real estate examiners.

Miss Helen Louise Sullivan, deputy clerk since 1941, is conducting his office. It is generally regarded that the commissioners will appoint her. She is the only candidate for nomination to the position at the May Republican primary and has no Democratic opposition.

RED CLUB ATTACKED

By The Associated Press

TRIESTE, FREE TERRITORY, April 22—Police reported today unidentified persons fired three shots at a Communist cultural club here last night. Several stones were thrown at the office of the independence front, an organization supporting independence of the free territory. There was no damage and no one was injured.

ITALIAN BOYS RIP DOWN CAMPAIGN POSTERS. Boys tear down campaign posters in Rome as voting in Italian parliamentary elections ends. Youngsters will sell the paper for pocket money. Official election returns gave the American backed Christian Democrats an overwhelming victory over the Communist-dominated Popular Front.

ITALIAN REDS WON'T REVOLT

Leader Says They Will Not Resort to Violence After Defeat.

By The Associated Press

ROME, April 22—Communist Leader Palmiro Togliatti said today his followers "have no intention of using force or violence" to overthrow the anti-Communists who won the Italian election.

He gave this assurance even as he charged the balloting was influenced by "brutal foreign intervention" in the form of threats of starvation and atomic bombing.

Togliatti's comments, in an interview published in the Communist newspaper L'Unita, were his first public statement on returns from the parliamentary election of Sunday and Monday.

The returns gave Premier Alcide de Gasperi's Christian Democrats within reach of an absolute majority in both houses of the Italian Republic's first parliament in the Communist-dominated Popular Front a poor second.

Parliament To Meet

Parliament will meet May 8 and two days later will elect the president of the republic, who will pick a premier to set up a government. Italians are assuming de Gasperi will remain premier.

If he does, the new government will be the fifth he has headed. With the Christian Democrats so strong in parliament, his new one is expected to be free of the political maneuvering that has harassed de Gasperi in the past.

Last night in speeches to his party's directorate and to thou-

[illegible] a statement made earlier by C[illegible] Leader Palmiro Tog[illegible] a very grave accusation."

Threat of No Aid

In the election campaign, United States officials said Italy would get no Marshall plan aid if the Communists won.

"I must mention one U S by name, Togliatti declared the foreign intervention as

(1) A threat to starve the country if elected for the Popular Democratic Front, a threat of war.

(2) The menace to use the atom bomb against certain towns or regions if in them the Popular Front voters had been in the majority."

Premier Gasperi hotly denied Communist charges the anti-Communist victory in the Italian parliamentary elections was the product of corruption and coercion.

Addressing a news conference of nearly 300 foreign newspaper correspondents, de Gasperi called

Enlisted Reservists Here Win Promotions

First Lt Donald I. Reynolds, FA-Res, commanding officer of the 324th Field Artillery "C" Battery, Marion, announces the promotion of T/Sgt Malcolm C O'Brien, Armd-Res, to first sergeant and Cpl Walter E Niles to sergeant. Both reservists are residents of Marion.

First Sgt O'Brien served with 741st Tank Bn attached to 2nd Infantry Division with Fifth Corps, 1st Army in European theater of operations. Sergeant O'Brien holds the following ribbons and decorations: Purple Heart, European with five battle stars, Silver Star, Distinguished Unit Badge, and had 23 months overseas duty.

Sgt. Walter E Niles, FA-Res, served with 1st Infantry Division in a heavy weapons company. He is the holder of American Theater Ribbon, Good Conduct Ribbon, ETO Ribbon with two battle stars, Divisional Citation, French Croix de Guerre and Army Occupation Medal.

The promotions are the first to be given enlisted reservists in the Marion area. Any enlisted reservist belonging to a TO/E unit can receive promotions by holding TO/E vacancy.

Verdict in Replevin Favors Defendant

A verdict for the defendant was returned by a common pleas court petit jury Wednesday in a replevin action brought by F. E Williams against Mrs Marie Bailey Clark. All 12 jurors signed in favor of the defendant represented by Dontinen Michel and Davis Williams sought recovery of household goods and chattels valued at $800, plus damages of $100 on what he alleged was wrongful detention of his property since Nov 19 1946. He was represented by Attorneys Frank Wiedemann and Edwin B Spohn.

Love's Perilous Path

By ADELE GARRISON

I [illegible] my look of astonishment at Georges was a gogsee[illegible], and resented. the attitude he had beward Mr. "K," my [illegible]BI side, a man fitted [illegible]arely and graciously in [illegible] circle in the world. [illegible]e was proposing that [illegible] best man at his marexiled princess Olina of [illegible]a.

[illegible] thought was that [illegible]as repenting in sackashes for his attitude [illegible] K." Then I realized that [illegible]ed attitude stemmed unwillingness to have [illegible]ren. Olina's stepbrothMary's husband, for his His old jealousy of Noel [illegible]e once had been beOlina, was still flaming. He would have proposed Sam or Jerry Ticer for his man, instead of Noel, if no one else had been available.

In Dicky's parlance, I told myself that I had to "slip it to Georges" for the unerring way in which he had solved his problem. I had been afraid that we would have to depend on phonograph records for the wedding music, but Noel would do a wonderful job, for his skill as a pianist is something special. And, as it would be out of the question for him to "double in brass" as pianist and best man, there would be no question of slight, as there would have been if Georges had chosen "K." with no other part for Noel in the wedding plans.

I gathered my scattered faculties—Georges' proposal had been something of an explosive among them—and answered him.

"I think Mr. 'K.' would fill the role admirably," I said. "And your suggestion of Noel for the music is a most happy one. Shall I speak to Olina about it, when I get back, or shall I wait and let you talk to her yourself?

He hesitated, and eyed me speculatively.

"Would it be impossible for you to tell her that you had thought of the music for Noel, yourself, that you didn't know what else to do, and that Mr. 'K.' and I are on such good terms, you are sure I would be satisfied with him for A best man if she were pleased?"

I sent a gamin grin in his direction, and he had the grace to flush.

"You are quite Machiavellian, Georges," I said, "but you have solved a problem. I shall be very glad to tell a few white lies for you, and I am sure Olina will agree to your very ingenious solution of the music and best man problem."

Dicky's knock upon the door punctuated my sentence, and I sent up a little paen of thanks for his opportune appearance. I felt that I had had as big a dose of Georges as I could manage in one day.

But before I went to the door I turned to Georges with a muted admonition.

"Do not say anything to my husband about your plan to have Noel attend to the music and to have Mr. 'K.' for your best man," I told him. "I will tell him in good time, but I know his moods, and he might be irritable if he knew about those plans now."

"I do not see," the spoiled royal playboy began haughtily, and then he caught my eye, and wilted perceptibly.

"Of course I shall say nothing to him," he said hastily. "But, shall I not see you again?"

"In a few days, yes," I returned. "But, this is good-bye, now. Father is most anxious that I hurry back."

He bent over my hand and kissed it with regal courtesy.

"God keep you!" he said fervently, and I wished as fervently that Georges' voice, distinctly not muted was not reaching beyond the supposed sound-proof door.

But when I opened the door, I knew by his dancing eyes, that while he may not have heard Georges' words, he had a very good notion of the dramatic quality of his farewell.

"'Parting is such sweet sorrow,'" he quoted prison-fashion as he came into the room past me. Then he spoke briskly.

"If you've finished your interview with Georges, I must ask you to hurry down to your other "unfinished business." The Chief will be 'fit to be tied' if we delay much longer. He'll be imagining all sorts of casualties for you."

Says Wallace Would Gain Stalin's Disdain

By The Associated Press

CLEVELAND, April 22—Henry A. Wallace would be liquidated "with disdain" by Premier Stalin if the Russian leader were to gain control of the United States, a Yale professor says.

Dr. F. S. C. Northrop, philosophy professor in the law and graduate schools, declared last night in a lecture at Cleveland college:

"Stalin, of course, would liquidate a lot of people if he took over this country. . . . But he would eliminate some of us with respect because we are forthrightly opposed to Communism. Wallace, I think, he would dispose of with disdain."

FOR MINIATURE CARS
GALION—A request for a piece of ground for the purpose of constructing a race track for miniature model race cars, either at Heise park or Amann reservoir, from representatives of the Junior Chamber of Commerce, has been referred to the parks and playgrounds committee by city council here.

Women's Clubs Having State Flower Debate

By International News Service

COLUMBUS, April 22—The annual convention of the Ohio Federation of Women's Clubs opened in Columbus today and was expected to schedule a hot debate—on a fragile wildflower known as the spring beauty.

Seems some of the delegates want to put force on the legislature to adopt the beauty as Ohio's official flower, in place of the scarlet carnation. They claim the carnation isn't native to Ohio and doesn't grow well here, while the spring beauty perform admirably.

It's storied that delegations from Canton, Akron and other neighboring towns are attending the convention for the specific purpose of trampling down the beauty.

They like the carnation because it was named in memory of one of Canton's greatest admirers of the flower—William McKinley.

Some delegates hope the matter won't even come up.

VFW Auxiliary Votes On Ten Candidates

Ten candidates for membership were balloted on at a meeting of the Auxiliary to Veterans Post No. 3313, Veterans of Foreign Wars, last night in the club rooms at 130 Court street. Three color bearers, Mrs. Margaret Baer, Mrs. Janie Lingrell and Mrs. Hazel McCann, were installed, completing the installation of officers for the new year.

Plans were made for a rummage sale in the near future, and plans were discussed for attending a meeting of the 10th district to be held May 16-17 in Crestline. Dates were announced for the annual poppy sale to be held May 28-29. At the next meeting May 6, initiation will be held and a lunch will be served.

WALLACE'S PENSION VIEW

ATLANTIC CITY, N. J., April 22 — Henry Wallace says his new party believes a sound social security system should give every one over 65 years of age a minimum of $35 a week.

EMMA BERGER CLASS MEETS
A donation was voted for the cancer drive fund at a meeting of the Emma Berger Bible class of Calvary Evangelical United Brethren church Thursday night. Mrs. Ellis Epley was hostess for the meeting in her home on South Grand avenue. Rev. R. W. Faulkner, pastor, expressed appreciation to the class for a new carpet for the church office which the class purchased recently. A program was in charge of Mrs. Nellie Underwood, and Mrs. O. D. Myers led devotions. Mrs William Ackerman presented a piano solo, and Mrs Dorothy McClaskey sang, accompanied by Mrs. Ackerman. The entertainment included contests. The committee of hostesses with Mrs. Foley included Mrs. Irene May, Mrs. Underwood, Mrs. Tracy Zachman, Mrs Harriett Mills, Mrs. Helen Corbin and Mrs Anna Eberhart.

Mine Fines Protested By Cleveland AFL

By The Associated Press

CLEVELAND, April 22 — The Cleveland Federation of Labor is opposed to the fines levied against John L. Lewis and his United Mine Workers.

The group, central body here of the American Federation of Labor, last night passed a resolution protesting the fines assessed for contempt of court.

William Finegan, executive secretary of the organization, was instructed to inform Judge T. Alan Goldsborough, who handed down the fines, and President Truman of the protest.

WORKER KILLED
By The Associated Press

JACKSON, O., April 22—Henry Smith, 48, was killed yesterday in a 35-foot fall from a precipitator at the Globe Iron Co. He was cleaning the machine. He leaves his widow and six children.

GIRL WINS TITLE OF WORKER FOR GOV'T.

By The Associated Press

WASHINGTON, April 22 — Susan Beesten, a 10-year-old Cincinati fifth grader, has Secretary of the Treasury Snyder's word for it—she is a government worker.

The treasury chief today disclosed some correspondence with Susan, who wanted to know if she was "doing work for the government by telling people to save money."

Susan said she had been passing out savings bond pamphlets which the U. S. government sent to her school, and she "told the older children that I was doing work for the government."

Snyder promptly told Susan he is grateful for her help in the security loan savings bond drive, and she is indeed a "volunteer serving your country."

"Although a few of us work here in Washington," Snyder wrote, "our government is really made up of all the people, as Abraham Lincoln once said.

"So when you and other school students, or anyone helps an agency of the government in Washington to carry on its activities, you are indeed volunteers serving your country."

OUT-OF-TOWN FIRE FEES
CRESTLINE, April 22—What payment should be made to city firemen working on fires out-of-town was discussed by the town council here this week. A resolution authorizes the mayor and the clerk to enter into a mutual fire assistance contract with surrounding communities, so that they are to help each other in taking care of assistant fireman insurance. The clerk was instructed to a bill for $75 to the Sprin township trustees for fire se

CERTIFICATES GIVEN PUPILS AT ST. MARY

Recipients Complete Course in Home Nursing.

Certificates in recognition of the completion of the course in home nursing sponsored by the Marion County chapter of the American Red Cross were presented a group of high school girls of St. Mary parochial school Monday afternoon at the school.

The ceremony was in charge of Mrs. Edward T. Huber, a member of the Red Cross home nursing committee, and the certificates were presented by Mrs. Frank M. Kneal, chairman of the committee. The were given by Miss Lillian Black, executive secretary of the local chapter, and Miss Katherine Bausinger, R.N., who instructed the class. Sister Gabrielle, who is in charge of the school, expressed appreciation of the course and representing the class was Claudine Scranton. Helen Wells and Joan Hut, members of the class, told of practical use made of the course by them in their homes.

On behalf of the class, Marilyn Hance presented Miss Bausinger with a gift. Members of St. Mary Glee club sang "Song of Hope" and the program closed with prayer.

Receiving certificates were the following: Margaret Dunn, Marjorie Endicott, Virginia Lupica, Mary Miller, Betty Napier, Claudine Scranton, Betty Terzo, Kathleen Thome, Marilyn Vance, Mary Andrews,

Jane Baldauf, Barbara Blocksom, Janet Chontos, Jeannine Dunn, Helen Hagerty, Barbara Schroeter, Rose Urso, Mary Bray, Alicia Cleary, Joan Heilman, Marcella Hoover,

Joan Hut, Joan McDaniel, Theresa Maloney, Patricia Ann Murphy, Patricia Jean Murphy, Madolyn Stuber, Helen Weis and Madonna Thome.

Draft Spells War, Norman Thomas' View

By The Associated Press

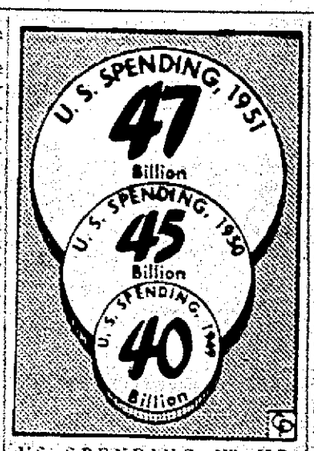
WASHINGTON, April 22—A peacetime draft was vigorously opposed yesterday by Norman Thomas.

Thomas told the house armed services committee such a draft would make war virtually inevitable within 10 years or more.

He urged instead an American-backed program for universal disarmament under effective international control.

Thomas, who has been Socialist candidate for president several times, testified as chairman of the Postwar World council.

He said the draft proposal is "dangerous and un-American."



U.S. SPENDING—UP, U.S. spending is going up, say government fiscal experts. They expect to close the books June 30 with a $4,000,000,000 surplus, the last in a long time. The picture-chart above indicates how spending is expected to rise in 1949, 1950 and 1951. Some reasons: Air Force expansion from 55 to 70 groups, expected passage of UMT, and a national resources program in 1949. (International)

STATE TO OPEN NEW HOSPITALS IN MAY

By The Associated Press

COLUMBUS, O., April 22—The state welfare department will open two more receiving hospitals for mental patients early in May, Director Charles L. Sherwood said yesterday. One is at Dayton and the other at Massillon.

Formal opening of the two units will increase to eight the total of state receiving hospitals operating in Ohio. The units are on the grounds of the state hospitals in Dayton and Massillon.

The Dayton receiving hospital will open between May 5 and 10. Opening of the Massillon unit is set for around May 1.

The hospitals serve as strategic centers in Ohio's program of preventing mental sickness. Welfare department officials said this state's preventive mental hygiene program during the past year has become recognized as one of the most advanced of its kind in the nation.

The receiving hospitals are intended to provide early diagnosis and intensive short-term treatment for persons who believe they are suffering from mental disturbances. Under this modern program, it is no longer necessary for these persons to have to go through a formal court commitment before they are entitled to receive scientific care from the state.

SCHOOL GROUP TO HOLD "STARVATION DIET" TEST

PHILADELPHIA, April 22 — Fourteen Philadelphia school children and five teachers are going to live on a "starvation diet" for one week, starting Saturday, to learn at first hand how it feels to eat as many European children now do.

The experiment was planned to dramatize the fund-raising campaign of Philadelphia's crusade for children, campaign officials said yesterday.

RECRUITING OFFICE REPORTS ENLISTMENT

15 Men from This Area Sign Up at Marion Station.

The Marion recruiting station is doing its part in building up the strength of both the regular Army and the U. S. Air Force. Master Sergeant Orval West announced that six Marion area men have enlisted for the Air Force and nine men have enlisted for the ground forces since the first of April.

Those enlisting in the Air Force for three years are:

Charles E. Dawson of 565 Silver street, Thomas L. Parker of La Rue, James M. Morgan of Cardington, John M. Haubert of 568 Silver street, Clair L. Stansbery of Upper Sandusky and Wayne H. Bitterspach of Upper Sandusky.

Five men enlisted for duty with the famous 1st cavalry division currently on occupational duty in Japan.

They are: Henry G. Moler of 494 Dexter street, Louis Medley of Caledonia, Charles E. Esterline of Caledonia, Myron D. Smith of Caledonia and Robert R. Ryan of Caledonia.

Donald J. Franks of Mt. Gilead enlisted for three years in the 11th airborne division also stationed in Japan. Vaughn W. Willey and Lawrence R. Reed, both of Prospect, enlisted for three-year assignments to the 3rd armored division at Fort Knox, Ky.

Orthal B. Wilson of Bucyrus enlisted as a staff sergeant and was assigned to the 9th infantry division, Fort Dix, N. J.

Reserve Officers Here Invited to Fostoria

An invitation to attend a dance and party Friday night in the Elks' clubrooms at Fostoria, has been extended to all Reserve Officers in the Marion area, it was announced today by Capt. John B. Weaver, unit instructor here. Music will be furnished by Russ Rogers' orchestra with dancing from 9 until 1 o'clock.

The dance is being sponsored by the Seneca County chapter of the Reserve Officers association with Capt. Robert Pritchard of Fostoria and Capt. John R. Martin of Tiffin in charge of arrangements. Information regarding the party may be obtained by contacting the unit instructor's office at 188 South Main street.

Survey of Reserve Officers Announced

An extensive survey of all reserve officers throughout the country is being planned, it was announced today by Col. John R. McMahon Jr., executive, Ohio Military district, and Col. Henry F. Grimm, senior instructor, Organized Reserve Corps, stationed at Fort Hayes, Columbus. Announcement of the survey was made here through Capt. John B. Weaver, unit instructor of the Marion area.

The purpose, they explain, is to bring records up to an accurate current status. The report of the survey is to include present civilian occupation, correct addresses, availability for assignment and part time participation in the Organized Reserve Corps training program, branch of service and duty preference.

Questionnaires are to be forwarded by registered mail within the coming few days, it was announced, and the officers stress the importance of an early return —within 15 days—in order that the survey may be completed.

In the Service

Gene E. Swain, seaman 2/c, U.S. Navy, flew from New York City to spend the weekend with his parents, Mr. and Mrs. Orie E. Swain of 230 West Pleasant street. In the Navy since January, Seaman Swain has been assigned to the carrier Saipan where he is studying radio electronics.

To Test Pressure Cookers on Friday

Testing of pressure gauges in preparation for the canning and food preserving period will be held Friday at the food preservation clinic to be held at the Ohio Public Service Co. terminal building, it was announced today by Miss Mary Faye McMillan, county home demonstration agent. Assisting are Miss Ruth Kleinmaier, home service director of the Ohio Public Service Co., and Miss Betty Newton, home economist of the Ohio Fuel Gas Co.

The hours are from 9 a. m. to 4 p. m. and in addition to the gauge testing, films on canning and freezing will be shown from 10 to 11 a. m. and 2 to 3 p. m. All homemakers of the city and county are invited to attend. There will be an exhibit of canning and freezing supplies and food frozen in a home freezer will be served.

Auction
Nursery Stock
Friday Eve., April 23

7:30 p. m.
Wilson & Williams, 123 Mill St.
NOW IS THE PROPER TIME TO PLANT, and a general line of NURSERY STOCK, will be offered at this sale. Such as numerous kinds of EVERGREENS, in various sizes, Peach, Apple and Cherry trees, flowering shrubs, shade trees, some nice weeping willow, Lombardy poplars, hedge plants, raspberries, blackberries, boysenberries, strawberries, grapes, gooseberries, currants, asparagus, rhubarb, horseradish, roses, etc. However, the sale will consist mainly of EVERGREENS, for use in modern landscape planting. Come early and inspect this stock to your own satisfaction. These plants are Government Inspected and guaranteed to be dug fresh. Anyone interested in landscape material cannot afford to miss this opportunity as you will find it sells very reasonable. Many thrifty people take advantage of these sales every season, as a few dollars spent for landscape material will increase the value of your property many times over the cost. A certified copy of certificate of inspection will be given each purchaser. A representative of the nursery will be present.

TODAY'S BIRTHDAY

By AP Newsfeatures

J. ROBERT OPPENHEIMER, born April 22, 1904, in New York, directed the Los Alamos, N. M., laboratory which perfected the atomic bomb.

Oppenheimer, son of a man who emigrated from Germany, was only 38 when he directed scientists much older than he in the new physics development that rocked the scientific world.

After that he acted as adviser to the president, the state department and other official agencies concerned with atomic energy.

He is now director of the Institute for Advanced Studies at Princeton, N. J.

One Man's Opinion

By WALTER KIERNAN

We are making considerable progress toward the better life... A new atom weapon and red shoes for men are recent developments.

• • • •

Also there is a prediction that men will be wearing ermine top coats and getting their hair waved in another few years... The dream of a strong America come true at last.

• • •

The injection of music into politics also is refreshing and we look for harmony in the White House no matter who is elected.

• • •

Sen. Taft announces that he plays piano, Mrs. Dewey is taking singing lessons and a new number on the stands is "Marching Along With Henry Wallace."

• • •

The Wallace song is sung to the tune of "Battle Hymn of the Republic"... Not "I Walk Along" as some catty Democrats and Republicans have suggested.
